**2-2.** Lobbying on the floor of the Senate or the House of Representatives is prohibited during the session and within 1 hour prior to the commencement of a session and within one-half hour after recess or adjournment.

**2-3.** The sessions of the Legislature and of the Committee of the Whole, all committee meetings, and all hearings shall be open to the public (Montana Constitution, Art. V, Sec. 10(3)).

**2-4.** Neither house shall, without the consent of the other, adjourn or recess for more than 3 days or to any other place than that in which the two houses shall be sitting (Montana Constitution, Art. V, Sec. 10(5)).

**2-5.** A majority of each house shall constitute a quorum to do business, but a smaller number may adjourn from day to day and compel the attendance of absent members, in such manner and under such penalties as each house may prescribe (Montana Constitution, Art. V, Sec. 10(2)).

**2-6.** Unless he is excused, a member of the House or the Senate shall be present at every sitting of the house of which he is a member.

**2-7.** In the absence of a quorum, a majority of members present in either house may compel the attendance of absent members by ordering a call of the house of which they are members.

**2-8.** If a quorum is present, five members of the Senate may order a call of the Senate and fifteen members of the House of Representatives may order a call of the House.

**2-9.** On a call of either house, a member who refuses to attend may be arrested by the Sergeant-at-Arms or any other person, as the majority of such members present shall direct. When the attendance of an absent member is secured after a call of either house, if the house of which he is a member refuses to excuse his absence, he shall not be paid any expense payments during his absence and is liable for the expenses incurred in procuring his attendance.

**2-10.** During a call of either house, all business of that house shall be suspended. After a call has been ordered, no motion is in order except a motion to adjourn or remove the call. The call may be removed by a two-thirds vote.

**2-11.** If either house is in session upon a given day, whether or not the other house is in session, that day shall constitute a legislative day.

## CHAPTER 3

### Legislative Employees

**3-1.** The Legislature shall prescribe the compensation of the employees of each house by joint resolution. Each house shall prescribe the duties of

its officers and employees, and no payment shall be made from the state treasury or be in any way authorized to any such person, except to an acting officer or employee elected or appointed in pursuance of law.

**3-2.** The Legislative Council shall be responsible for maintaining personnel files.

**3-3.** The Committee on Legislative Administration of each house shall appoint a secretary for a standing or special committee on recommendation of the committee chairman, subject to the approval of the respective house. A secretary for a standing or special committee is immediately responsible to the committee chairman, but when not occupied with the duties of a committee, shall work under the direction of the chief stenographer of each house. The Legislative Council shall hire all engrossing and enrolling staff, who are under the direction of the Bills Committee.

**3-4.** The presiding officer and the majority and minority floor leader of each house may each appoint a private secretary.

**3-5.** The Secretary of the Senate and the Chief Clerk of the House of Representatives are responsible to the presiding officers of their respective houses. Their duties are to:

- (1) have custody of all records, bills, documents, and other papers;
- (2) supervise the making and examination of the journal and the handling of bills and resolutions;
- (3) deliver to the Secretary of State at the close of each session the journal, bill books, and resolution books, and all copies of introduced bills and joint resolutions;
- (4) collect from the chairmen or secretaries of all standing committees, special committees, and conference committees the minutes of such committees and deliver them to the Montana Historical Society (see Rule 7-4).

**3-6.** Journal clerks, bill clerks, typists, and other employees responsible for legislative functions (except secretaries for standing or special committees, secretaries to presiding officers, and secretaries to majority and minority floor leaders) are immediately responsible to the Secretary of the Senate or the Chief Clerk of the House, subject to the general supervision of the presiding officer. All staff employed jointly shall be appointed by the Senate Committee on Legislative Administration and the House Committee on Legislative Administration/Bills and Journal, acting jointly.

**3-7. (1)** The duties of the engrossing and enrolling staff are:

- (a) to engross or enroll all bills delivered to them within 48 hours after they have been received, unless further time is granted in writing by the presiding officer of the house in which the bill originated; and
- (b) to correct clerical errors, absent the objection of the sponsor of a bill or amendment and the Secretary of the Senate or the Chief Clerk of the House of Representatives, in any bill or amendment originating in the house by which they are employed. Clerical errors such as the following may be corrected:

- (i) errors in spelling;
- (ii) errors in numbering sections;
- (iii) adding or deleting underlining or lines through matter to be stricken;  
and
- (iv) material copied incorrectly from the Montana Code Annotated.

(2) The Secretary of the Senate or the Chief Clerk of the House and the sponsor of the bill or amendment shall be notified in writing of the clerical correction. An objection to the correction may be registered by the Secretary of the Senate, Chief Clerk of the House, or sponsor by filing it in writing within 24 hours after receipt of the notice.

(3) When a committee is the sponsor of a bill, any member thereof so designated by the chairman may be the principal sponsor for the purpose of this section. When a committee has proposed an amendment, the chairman is the principal sponsor for the purpose of this section.

**3-8.** The Sergeants-at-Arms are responsible to the presiding officers of their respective houses. Their duties are to:

- (1) maintain order under the direction of the presiding officer;
- (2) execute commands and serve all processes;
- (3) receive, distribute, and have custody of supplies.

**3-9.** The Assistant Sergeants-at-Arms, doorkeepers, watchmen, janitors, pages, and other employees responsible for general housekeeping functions are immediately responsible to the Sergeant-at-Arms, subject to the general supervision of the presiding officer.

**3-10.** The duty of the chaplain of each house is to open each day's session with a prayer.

**3-11.** (1) A legislative aide is a person who has registered with the Chief Clerk of the House or the Secretary of the Senate and has been issued a distinctive identification form, such as a name tag. Such identification may be issued only upon receiving written verification from a member that the person is serving him as an aide. A person may not represent himself to be a legislative aide unless he carries such identification. The Sergeants-at-Arms and doorkeepers shall enforce this rule. Legislative aides must be of legal age unless otherwise approved by the presiding officer.

(2) No member may designate more than one aide without the approval of the Rules Committee of the house involved.

(3) Qualifications for legislative interns are specified in Title 5, chapter 6, MCA.

**3-12.** An employee, legislative aide, or legislative intern of either house is prohibited from lobbying as defined in section 5-7-102, MCA. However, such person may testify before a committee of either house on the request of the committee. Any person violating this rule shall be discharged.

**3-13.** Disputes or complaints involving the competency or decorum of a legislative employee shall be referred to the Committee on Legislative

Administration of the house by which the employee is employed. The committee, in its discretion, may dismiss, suspend, or retain the employee. The Committee on Legislative Administration shall periodically review the roster of employees and shall dismiss surplus employees.

**3-14.** (1) The offices of the Legislative Council shall serve both the Senate and the House of Representatives as required.

(2) The Council staff shall prepare payrolls for certification and signature by the presiding officer and prepare a monthly financial report and distribute the report to legislative leaders in each house and to members of the Senate Committee on Finance and Claims and the House Committee on Appropriations.

**3-15.** (1) Contracts for purchase or lease of equipment and supplies made during the legislative session shall be made on the approval of the Committee on Legislative Administration of each house, subject to the review of the presiding officer of the respective house. Purchase orders shall be issued by the Legislative Council staff and accounting records kept in that office.

(2) Long distance telephone calls made while legislators are in session or in travel status are considered official legislative business and include but are not limited to calls made to constituencies, places of business, and family. Session staff, including aides and interns, may use telephones for long distance calls only when specifically authorized to do so by their legislative sponsor or supervisor. Sponsoring legislators and supervisors are accountable for use of state telephones by their staff, including aides and interns. Members may not authorize others to use state phones. Permanent staff of the Legislature shall comply with executive branch rules applying to the use of state telephones.

#### **CHAPTER 4**

##### **Order of Business**

**4-1.** After prayer, roll call, and report on the journal, the order of business of the Senate and House of Representatives is as follows:

- (1) communications and petitions;
- (2) reports of standing committees;
- (3) reports of select committees;
- (4) messages from the Governor;
- (5) messages from the other house;
- (6) motions;
- (7) first reading and commitment of bills;
- (8) second reading of bills (Committee of the Whole);
- (9) third reading of bills and consent calendar bills;
- (10) unfinished business;

- (11) special orders of the day; and
- (12) announcement of committee meetings.

To revert to or pass to a new order of business requires only a majority vote. Unless otherwise specified in the motion to recess, the house involved shall revert to Order of Business No. 1 when reconvening after a recess.

## CHAPTER 5

### Motions

**5-1.** When a motion is made it shall be restated by the presiding officer and, if requested by the presiding officer or a member, shall be reduced to writing and read aloud. A motion may be withdrawn by the member making it at any time before it is amended or voted upon.

**5-2.** (1) When a question is under debate no motion may be made except the following privileged and subsidiary motions, which have precedence in the order listed:

- (a) to adjourn;
- (b) for a call of the house;
- (c) to recess;
- (d) question of privilege;
- (e) to lay on the table;
- (f) for the previous question;
- (g) to postpone to a certain day;
- (h) to refer or commit;
- (i) to amend; and
- (j) to postpone indefinitely.

(2) A question may be indefinitely postponed by a majority roll call vote of all members present and voting. When a bill or resolution is postponed indefinitely, it is finally rejected and may not be acted upon again during the biennium except upon a motion of reconsideration made pursuant to Rule 5-4.

**5-3.** No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment or substitute.

**5-4.** Any member may, on the day the vote was taken or on the next day the house in which the action was taken is in session, move to reconsider the question. A motion to reconsider may not be withdrawn after such next legislative day without the unanimous consent of the house concerned, and thereafter any member may call it up for consideration; however, a motion to reconsider made after the 54th day of the session shall be disposed of when made. A motion to recall a bill from the other house constitutes notice to reconsider and shall be acted on as a motion to reconsider. A motion to reconsider or to recall a bill from the other house may

be made only under Order of Business No. 6 and, under that order of business, takes precedence over all motions except motions to recess or adjourn.

**5-5.** When a motion to reconsider is laid on the table, a two-thirds majority is required to take it from the table. When a motion to reconsider fails, the question is finally and conclusively settled.

**5-6.** (1) Except as provided in subsection (2) of this rule, the effect of moving the previous question, if adopted, is to close debate immediately, to prevent the moving of amendments or other subsidiary motions, and to bring to vote promptly the immediately pending main question and the adhering subsidiary motions, whether on appeal or otherwise.

(2) When the previous question is ordered on any debatable question on which there has been no debate, the question may be debated for one-half hour, one-half of such time to be given to the proponents and one-half to the opponents.

**5-7.** A call of the house is not in order after the previous question is ordered unless it appears upon an actual count by the presiding officer that a quorum is not present.

**5-8.** The following motions are not debatable:

- (1) to adjourn;
- (2) for a call of the house;
- (3) to recess;
- (4) for parliamentary inquiry;
- (5) for suspension of the rules;
- (6) to lay on the table;
- (7) for the previous question;
- (8) to limit, extend the limits of, or to close debate;
- (9) to amend an undebatable motion;
- (10) to divide a question;
- (11) to pass business in Committee of the Whole;
- (12) to take from the table;
- (13) a decision of the presiding officer, unless appealed or unless he submits the question to the house for advice or decision;
- (14) all incidental motions, such as motions relating to voting or other questions of a general procedural nature.

**5-9.** A member may move to divide a question if it includes two or more propositions so distinct in substance that if one thing is taken away a substantive question will remain.

**5-10.** No more than one amendment and no more than one substitute motion may be made to a motion. This rule permits the main motion and two modifying motions.

## CHAPTER 6 Bills and Resolutions

### A. Form of Bills — Definition of Resolutions — General Provisions

**6-1.** The only types of instruments other than bills which may be introduced in either house of the Legislature are as follows:

(1) (a) A simple resolution is a formalized motion passed by one house only and bears the heading "House Resolution" or "Senate Resolution". It may be used only to adopt or amend the rules of one house, to make recommendations concerning the districting and apportionment plan as provided by Article V, section 14, subsection (3), of the Montana Constitution, to provide for the internal affairs of the house adopting it, or by the Senate to express confirmation of appointments. When a simple resolution has been introduced, it shall be referred to a committee. Final action shall be taken on the Committee of the Whole report. The transmittal of copies of simple resolutions is the responsibility of the Chief Clerk or Secretary of the house of origin.

(b) A copy of every simple resolution is to be transmitted after adoption to the Secretary of State by the Secretary of the Senate or the Chief Clerk of the House.

(2) A joint resolution must be adopted by both houses and is not approved by the Governor. It may be used to:

- (a) express desire, opinion, sympathy, or request of the Legislature;
- (b) request an interim study by a legislative subcommittee;
- (c) adopt or amend the joint rules;
- (d) set salaries and other terms of employment for legislative employees;
- (e) approve construction of a state building under section 18-2-102 or 20-25-302, MCA;
- (f) deal with disasters and emergencies under Title 10, specifically as provided in sections 10-3-302(3), 10-3-303(3), 10-3-303(4), and 10-3-505(5), MCA;
- (g) submit a negotiated settlement under section 39-31-305(3), MCA;
- (h) declare or terminate an energy emergency under section 90-4-310, MCA;
- (i) ratify or propose amendments to the United States Constitution; or
- (j) advise or request the repeal, amendment, or adoption of a rule in the Administrative Rules of Montana.

(3) Except as otherwise provided in these rules or The Constitution of the State of Montana, a joint resolution is treated in all respects as a bill.

(4) A copy of every joint resolution is to be transmitted after adoption to the Secretary of State by the Secretary of the Senate or the Chief Clerk of the House.

**6-2.** All bill drafting requests shall require a legislative sponsor. Bills shall be printed on paper with numbered lines and shall be introduced in triplicate. Bills shall be numbered at the foot of each page (except page 1), and the original copy shall have a white cover of a substantial material. In sections amending existing statutes, matter to be stricken out shall be indicated with a line through the words or part to be deleted, and new matter shall be underlined. Sections of the Montana Code Annotated repealed or amended in a bill shall be stated in the title, except for general appropriation bills and bills for the codification and general revision of the laws. Introduced bills will be reproduced on white paper and distributed to legislators.

**6-3.** (1) No bill, except general appropriation bills and bills for the codification and general revision of the laws, shall contain more than one subject, which shall be clearly expressed in the title. The enacting clause of every law shall be as follows: "Be it enacted by the Legislature of the State of Montana".

(2) A bill shall be used to propose amendments to The Constitution of the State of Montana and shall not be subject to the veto of the Governor (Montana Constitution, Art. VI, Sec. 10(1)).

**6-4.** (1) All appropriation bills shall originate in the House of Representatives.

(2) The general appropriation bills shall embrace nothing but appropriations for the ordinary expenses of the Legislative, Executive, and Judicial branches of state government, interest on public debt, and for public schools. All other appropriations shall be made by separate bills, each embracing but one subject (Montana Constitution, Art. V, Sec. 11(4)). Appropriation bills for the operation of the Legislature shall be introduced by the chairman of the House Committee on Appropriations.

**6-5.** Every statute, unless a different time is prescribed therein, takes effect on October 1 following its passage and approval, except one that provides for appropriation by the Legislature of public funds for a public purpose, which takes effect on July 1 following its passage and approval unless a different time is prescribed therein. Every joint resolution, unless a different time is prescribed therein, takes effect on its passage (sections 1-2-201 and 1-2-202, MCA).

#### **B. Introduction — Bill Limit**

**6-6.** (1) A legislator may not request more than five bills from the Legislative Council, nor may a legislator introduce more than five bills. This limit does not apply to:

- (a) bills requested prior to the convening date of each session;
- (b) code commissioner bills;
- (c) resolutions;
- (d) standing committee bills;
- (e) appropriation bills; or

(f) revenue bills.

(2) Bills and joint resolutions will be checked by the staff of the Legislative Council prior to introduction for proper format, style, and legal form. Bills will be stored on the automated bill drafting equipment, printed, and delivered in triplicate to the requesting legislator. A stamp shall be affixed to the original bill cover and signed to indicate Council review. If such stamp is not affixed, the bill may not be introduced.

(3) During a session a bill may be introduced by endorsing it with the name of a member and presenting it to the Chief Clerk of the House of Representatives or the Secretary of the Senate in triplicate. Bills or joint resolutions may be sponsored jointly by Senate and House members. A jointly sponsored bill shall be introduced in the house in which the legislator whose name appears first on the bill is a member. The chief joint sponsor's name shall appear immediately to the right of the first sponsor's name. Bills, joint resolutions, and simple resolutions shall be numbered consecutively in each session of the Legislature in separate series in the order of their receipt.

(4) Any bill proposed by a legislative committee or introduced by request of an administrative or executive agency or department shall be so indicated following the names of the sponsors, "By Request of the ..... (Name of agency or committee)".

(5) Bills may be preintroduced, numbered, and reproduced prior to a legislative session by the staff of the Legislative Council. Actual signatures may appear on the face of the preintroduced bill, or signatures may be obtained on a consent form from the Legislative Council and the sponsor's name printed on the bill. Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill. These names will be forwarded to the Legislative Council to be included on the face of the bill following standing committee approval.

(6) All preintroduced bills will be made available to the public.

6-7. The following schedule must be followed for submission of drafting requests and introduction of bills and resolutions:

|                                                                          | Request<br>Deadline<br>5:00 P.M.<br>Legislative<br>Day | Introduction<br>Deadline<br>5:00 P.M.<br>Legislative<br>Day |

**6-8.** (1) No bill may be introduced or received in a house after that house has finally rejected a bill during that session designed to accomplish the same purpose save upon approval by the Rules Committee of the house in which the bill is offered for introduction or reception.

(2) Failure to override a veto does not constitute final rejection.

**6-9.** At least three-fourths of a standing committee must consent to the introduction of a committee bill.

#### C. First Reading and Referral

**6-10.** (1) No motion affecting a bill is in order on its first reading except as provided in Joint Rule 6-6(5).

(2) Upon introduction or reception of a bill, the Chief Clerk of the House or the Secretary of the Senate shall publicly post upon a listing that bill by a summary of its title in the house of origin and by a summary of its title and by its history in the second house, together with a notation of the committee to which it has been assigned, and such posting shall constitute the first reading of the bill.

**6-11.** No bill shall be considered or become a law unless referred to a committee and returned therefrom.

**6-12.** Upon introduction or reception of a bill, it shall be referred to a committee by the presiding officer.

**6-13.** A bill may be rereferred at any time before its passage.

#### D. Amendments and Substitute Bills

**6-14.** No law shall be revised or amended or the provisions thereof extended by reference to its title only, but so much thereof as is revised, amended, or extended shall be reenacted and published at length.

**6-15.** No law shall be passed except by bill, and no bill shall be so altered or amended on its passage through either house as to change its original purpose (Montana Constitution, Art. V, Sec. 11(1)).

**6-16.** A committee may recommend that every clause in a bill be changed and that entirely new matter be substituted so long as the new matter is relevant to the title and subject of the original bill. A substitute bill shall be considered as an amendment and not as a new bill.

**6-17.** The proper form of reporting a substitute bill by a committee is to propose amendments to strike out all of the bill following the enacting clause and to substitute the new bill, recommending also any necessary changes in the title. If a committee report recommending a substitute for a bill originating in the other house is adopted, the substitute bill shall be printed and reproduced.

**6-18.** Amendments to a bill by the second house shall not be further amended by the house in which the bill originated, but must either be accepted or rejected. If the amendments are rejected, a conference committee may be requested by the house in which the bill originated. If the amendments are accepted and the bill is of a type requiring more than a majority vote for passage, the bill shall again be placed on third reading in the house of origin. The vote on third reading after concurrence in amendments is the vote of the house of origin that must be used to determine if the required number of votes has been cast.

**6-19.** If a majority of a house adopts a recommendation for the passage of a bill originating in that house after it has been returned from a committee with amendments, the bill shall be reproduced on yellow paper with all amendments incorporated into the copies. If the bill has been returned from a committee without amendments, only the first sheet need be reproduced on yellow paper, and the remainder of the text incorporated by reference to the preceding version of the entire bill. Bills referred to the Bills Committee of the house of origin for reproduction must be reported within 3 days unless further time is granted by that house.

#### E. Engrossing and Enrolling

**6-20.** (1) When a bill has been reported favorably by Committee of the Whole of the house of origin and the report has been adopted, the bill shall be engrossed under the direction of the Bills Committee, and when reported correctly engrossed by the committee shall be placed on the calendar for third reading on the succeeding legislative day. Committee of the Whole amendments shall be included in the engrossed bill. Copies of the engrossed bill to be distributed to legislators will be reproduced on blue paper. If a bill is unamended by the Committee of the Whole and contains no clerical errors, it may be engrossed without reprinting, and only the first sheet need be reproduced on blue paper, with the remainder of the text incorporated by reference to the preceding version of the entire bill.

(2) If a bill is amended by the standing committee or Committee of the Whole in the second house, the amendments will be included in a salmon-colored reference bill and distributed in the second house for third reading consideration. The amendments will also be reproduced and attached to the

reference bill. If the bill passes on third reading, copies of the reference bill and second house amendments will be distributed in the original house.

**6-21.** (1) When a bill has passed both houses, it shall be enrolled under the direction of the Bills Committee of the house of origin. An original and two duplicate printed copies of the bill shall be enrolled, free from all corrections and errors, with a margin of two inches at the top and one inch on each side. In sections amending existing statutes, new matter shall be underlined and stricken matter shall be omitted. The original and two copies of the bill shall be red lined. The history of the bill shall also be enrolled and placed with the bill in a white manuscript cover, upon which is written the number of the bill and the title. The Legislative Council staff shall file a copy of the history with the law library.

(2) When the enrolling has been completed, the bill shall be examined by the sponsor and the Bills Committee and reported correctly enrolled.

(3) The correctly enrolled bill shall be delivered to the presiding officer of the house in which the bill originated. The presiding officer shall sign the original and two copies of each bill delivered to him not later than the next legislative day after it has been reported correctly enrolled, unless the bill is delivered on the last legislative day, in which event it shall be signed that day. The fact of signing shall be announced by the presiding officer and entered upon the journal no later than the next legislative day. At any time after the report of a bill correctly enrolled and before the signing, if a member signifies his desire to examine the bill, he shall be permitted to do so. The bill shall then be transmitted to the other house where the same procedure shall be followed.

(4) A bill that has passed both houses of the Legislature by the 90th day may be enrolled; clerically corrected by the presiding officers, if necessary; signed by the presiding officers; and delivered to the Governor not later than 5 days after the 90th legislative day. All journal entries authorized under this rule will be entered on the journal for the 90th day.

(5) The original and two copies signed by the presiding officer of each house shall be presented by the Bills Committee to the Governor. The Bills Committee shall take a receipt from the Governor and shall report to the house the day and hour of such presentation, which shall be entered in the journal. The original shall be filed with the Secretary of State. Signed copies with chapter numbers assigned pursuant to section 5-11-204, MCA, shall be filed with the Clerk of the Supreme Court and the Legislative Council.

#### F. Second Reading — Committee of the Whole

**6-22.** All bills, except consent calendar bills, which have been reported by a committee, accepted by the house concerned, and reproduced shall be posted on the calendar for consideration by Committee of the Whole. The Secretary of the Senate or the Chief Clerk of the House shall record the time each bill is received and the time the bill is placed on members' desks. Until the 50th legislative day, one day must elapse between the time a committee-approved bill is placed on the members' desks and consideration by the Committee of the Whole. Bills shall be arranged on the calendar in

numerical order unless they are companion bills or are otherwise ordered by the house or Committee of the Whole of the house concerned.

**6-23.** (1) Every bill considered in Committee of the Whole shall be read by a summary of its title. Proposed amendments shall be considered; then the bill shall be considered in its entirety.

(2) All Committee of the Whole amendments shall be prepared and delivered to the clerk for reading before the amendment is voted on. The amendment form will include the date and time of the amendment. Each rejected proposed amendment shall be identified and kept in the office of the Chief Clerk of the House or the Secretary of the Senate. Upon adjournment, the text of such amendments shall be delivered to the state archives.

**6-24.** Prior to adoption of a Committee of the Whole report, a member may move to segregate a bill. If the motion prevails, the bill remains on second reading.

**6-25.** When a Committee of the Whole report on a bill is rejected, the bill shall remain on second reading.

**6-26.** Either house may resolve itself into a Committee of the Whole by approval of a motion for that purpose. So far as may be applicable, the rules governing each house shall be observed when that house resolves itself into a Committee of the Whole, except as follows:

- (1) The only motions in order are to:
  - (a) amend;
  - (b) recommend passage or nonpassage;
  - (c) recommend concurrence or nonconcurrence;
  - (d) indefinitely postpone;
  - (e) pass consideration;
  - (f) rise;
  - (g) rise and report; or
  - (h) rise and report progress and ask leave to sit again.
- (2) The committee may not appoint subcommittees.
- (3) The committee may not punish its members for misconduct, but may report disorder to the house concerned.
- (4) Unless otherwise prescribed by either house before going into Committee of the Whole, a member may speak as often as he is recognized and for as long each time as is allowed in debate in the particular house.

**6-27.** After a Committee of the Whole has been formed, the presiding officer shall appoint a chairman to preside. Upon resuming the chair, the presiding officer shall receive the report of the chairman of the committee and the house shall take action on the report.

**G. Third Reading — Consent Calendar — Governor's Veto**

**6-28.** (1) No bill shall become a law except by vote of a majority of all the members present and voting in each house. On final passage the vote shall be taken by ayes and noes, and the names of those voting entered on the journal (Montana Constitution, Art. V, Sec. 11(1) and (2)).

(2) Any vote in one house on a bill proposing an amendment to the Montana Constitution where the mathematical possibility exists of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote.

**6-29.** Except for consent calendar bills, every bill shall be read three times prior to passage, either by title or by summary of title as provided in these rules. The first reading shall be as prescribed in Joint Rule 6-10; the second prior to debate in Committee of the Whole; and the third prior to final passage. No bill shall receive more than one reading on the same day except on the last legislative day. No amendment may be offered on the third reading.

**6-30.** (1) Each bill passed by the Legislature, except bills proposing amendments to the Montana Constitution, bills ratifying proposed amendments to the United States Constitution, resolutions, or referendum measures of the Legislature, shall be submitted to the Governor for his signature. If he does not sign or veto the bill within 5 days after its delivery to him if the Legislature is in session or within 25 days if the Legislature is adjourned, it shall become law. The Governor shall return a vetoed bill to the Legislature with a statement of his reasons therefor.

(2) The Governor may return any bill to the Legislature with his recommendation for amendment. If the Legislature passes the bill in accordance with the Governor's recommendation, it shall again return the bill to the Governor for his reconsideration. The Governor shall not return a bill for amendment a second time.

(3) If after receipt of a veto message, two-thirds of the members of each house present approve the bill, it shall become law.

(4) If the Legislature is not in session when the Governor vetoes a bill, he shall return the bill with his reasons therefor to the Legislature as provided by law. The Legislature may be polled on a bill approved by two-thirds of the members present or reconvened to reconsider any bill so vetoed (Montana Constitution, Art. VI, Sec. 10).

(5) The Governor may veto items in appropriation bills, and in such instances the procedure shall be the same as upon veto of an entire bill (Montana Constitution, Art. VI, Sec. 10).

**6-31.** Upon receipt of a veto message the presiding officer shall read the message. After the reading a member may move that the Governor's veto shall be overridden. A vote on the motion shall be determined by roll call. If two-thirds of the members present vote "aye", the veto is overridden. If two-thirds of the members present do not vote "aye", the veto is sustained.

**6-32.** If the Governor returns a bill to the originating house with his recommendations for amendment, such house shall reconsider the bill under its rules relating to amendment offered in Committee of the Whole. The bill is then subject to the following procedures:

(1) The originating house shall transmit to the second house, for consideration under its rules relating to amendments in Committee of the Whole, the bill and the originating house's approval or disapproval of the Governor's recommendations.

(2) If both houses approve the Governor's recommendations, the bill shall be returned to the Governor for his reconsideration.

(3) If both houses disapprove the Governor's recommendations, the bill shall be returned to the Governor for his reconsideration.

(4) If one house disapproves the Governor's recommendations and the other house approves, then either house may request a conference committee which may be a free conference committee.

(a) If both houses adopt a conference committee report, the bill in accordance with the report shall be returned to the Governor for his reconsideration.

(b) If a conference committee fails to reach agreement or if its report is not adopted by both houses, the Governor's recommendations shall be considered not approved and the bill shall be returned to the Governor for further consideration.

#### H. Transmittal of Bills — Revenue and Appropriation Bills

**6-33.** Each house shall transmit to the other with any bill all relevant papers. When a House bill is transmitted from the House of Representatives to the Senate, the Secretary of the Senate shall give a dated receipt for the bill to the Chief Clerk of the House. When a Senate bill is transmitted to the House of Representatives, the Chief Clerk of the House shall give a dated receipt to the Secretary of the Senate.

**6-34.** (1) No bill, except for appropriation bills, revenue bills, or amendments considered by joint committee, need be acted upon (save for reference to a committee by the presiding officer) if transmitted from one house to the other after the 45th legislative day, but shall be held pending in the house to which it is transmitted unless two-thirds of the members present and voting determine that the bill shall be acted upon. Amendments, except to appropriation bills and revenue bills, shall likewise be deferred for consideration if transmitted after the 70th legislative day.

(2) A revenue bill is one which would either increase or decrease tax collections.

(3) Revenue bills originating in the Senate shall be transmitted to the House on or before the 58th day, unless two-thirds of the members present and voting in the House determine that the bill may be transmitted after the 58th day. House amendments to such bills shall be transmitted by the House to the Senate on or before the 83rd day unless two-thirds of the members present and voting in the Senate determine that such an amendment may be transmitted after the 83rd day. Revenue bills originating in the House shall be transmitted to the Senate on or before the 65th day unless two-thirds of the members present and voting in the Senate determine that the bill may be transmitted after the 65th day. Senate amendments to House revenue bills shall be transmitted by the Senate to the

House on or before the 83rd day unless two-thirds of the members present and voting in the House determine that such amendments may be transmitted after the 83rd day.

(4) Appropriation bills and any bill implementing provisions of a general appropriation bill shall be transmitted to the Senate on or before the 72nd day unless two-thirds of the members present and voting in the Senate determine that the bill may be transmitted after the 72nd day. Senate amendments to such bills shall be transmitted by the Senate to the House on or before the 83rd legislative day unless two-thirds of the members present and voting in the House determine that such an amendment may be transmitted after the 83rd day.

(5) Interim study resolutions, bills repealing or directing the amendment or adoption of administrative rules, and joint resolutions advising or requesting the repeal, amendment, or adoption of administrative rules may be transmitted at any time during a session.

(6) A joint resolution introduced for the purpose of estimating revenue available for appropriation by the Legislature shall be transmitted not later than the 67th day. Amendments to such resolutions shall be transmitted to the house of origin not later than the 83rd day.

**6-35.** When a bill has received its third reading or has been rejected, the house that considered the bill shall as soon as possible transmit it to the other house with notice of its action.

#### I. Fiscal Notes

**6-36.** (1) All bills reported out of a committee of the Legislature having an effect on the revenues, expenditures, or fiscal liability of the state, except appropriation measures carrying specific dollar amounts, shall include a fiscal note incorporating an estimate of such effect. The Legislative Council staff shall indicate at the top of each bill prepared for introduction that a fiscal note may be necessary under this rule. Fiscal notes shall be requested by the presiding officer of either house, who at the time of introduction shall determine the need for the note, based on the Legislative Council staff recommendation.

(2) Unless the requestor directs otherwise, the Legislative Council shall deliver three copies of any bill for which it has been determined a fiscal note may be necessary to the Budget Director immediately after the bill has been delivered to the requestor prepared for introduction. The Budget Director may proceed with the preparation of a fiscal note in anticipation of a subsequent formal request.

(3) The state Budget Director, in cooperation with the agency or agencies affected by the bill, is responsible for the preparation of the fiscal note and shall return the same within 6 days, unless further time is granted by the presiding officer or committee making the request, based upon a written statement from the Budget Director that additional time is necessary to properly prepare the note.

(4) A completed fiscal note shall be submitted by the Budget Director to the presiding officer who requested it, who shall refer it to the committee considering the bill. All fiscal notes shall be reproduced and placed on the members' desks.

(5) Fiscal notes shall, where possible, show in dollar amounts the estimated increase or decrease in revenues or expenditures, costs which may be absorbed without additional funds, and long-range financial implications. No comment or opinion relative to merits of the bill shall be included; however, technical or mechanical defects may be noted.

(6) A fiscal note also may be requested on a bill and on an amendment by:

- (a) a committee considering the bill; or
- (b) a majority of the members of the house in which the bill is to be considered, at the time of second reading; or
- (c) the chief sponsor through the presiding officer.

(7) The Budget Director shall make available on request to any member of the Legislature all background information used in developing a fiscal note (Title 5, chapter 4, part 2, MCA).

**6-37.** (1) If a sponsor elects to prepare a sponsor's fiscal note pursuant to 5-4-204, MCA, he shall make the election as provided in 5-4-204(1)(c), MCA, and return the completed sponsor's fiscal note to the presiding officer within 4 days of such election.

(2) The presiding officer may grant additional time to the sponsor to prepare the sponsor's fiscal note.

(3) Upon receipt of the completed sponsor's fiscal note, the presiding officer shall refer it to the committee hearing the bill. If the bill is printed, the note must be identified as a sponsor's fiscal note, reproduced, and placed on the members' desks.

(4) The Legislative Council shall provide forms for preparation of sponsors' fiscal notes and shall print the completed sponsors' fiscal notes on a different color paper than the fiscal notes prepared by the Budget Director.

## CHAPTER 7

### Committees

**7-1.** The Committee on Legislative Administration of each house shall consider all matters concerned with seating, mileage and expenses, legislative employees, the control of the legislative property, and the budgeting for and expenditure of appropriations for the operation of the Legislature, in cooperation with the Legislative Council staff.

**7-2.** Upon request of any member of the house in which a bill is pending, a standing committee shall submit a written report in triplicate on any bill or matter referred to it within 7 days after the request, unless, at the request of the committee and for good cause shown, further time is granted by the house concerned.

**7-3.** If the members of a committee cannot agree on a report, the majority and minority of the committee present at a committee meeting may submit separate reports. Only one minority report may be submitted. Such reports shall be entered at length on the journal, unless otherwise ordered by the house concerned.

**7-4.** All committees, joint committees, and subcommittees shall keep minutes of their meetings. The chairman of each such committee must designate a secretary to take and transcribe minutes. The chairman must authenticate the minutes by his signature. At the close of the session, the chairman shall turn the original and two complete copies of the minutes over to the Chief Clerk of the House or the Secretary of the Senate. The original minutes shall be delivered to the Montana Historical Society. The Legislative Council and the Montana State Law Library shall each be given one copy of the minutes.

**7-5.** The Committee on Bills and Journal, the Rules Committee, and conference committees may report at any time, except during a call of the house or when a vote is being taken. Reports from the Bills and Journal Committee shall stand approved without formal action.

**7-6. (1)** All bills providing for an appropriation of public money may first be considered by a joint committee composed of the members of the Senate Committee on Finance and Claims and the House Committee on Appropriations, and then by each separately. Meetings of the joint committee shall be held upon call of the chairman of the House Committee on Appropriations, who shall be chairman of the joint committee.

**(2)** There shall be a joint committee composed of members of the House and Senate Committees on Taxation. The joint committee shall consider any resolution introduced for the purpose of estimating revenue that may be available for appropriation by the Legislature. The joint committee shall be composed of three members from each political party in each house appointed by the chairmen of the respective Committees on Taxation. Meetings of the joint committee shall be held upon the call of the chairman of the joint committee, who shall be a member of the House. The joint committee shall issue periodic reports to each of the houses, indicating the committee's current revenue projections. Such reports shall be issued on the 40th and the 60th day.

**7-7.** The chairman of each committee has general control and direction of the hall and committee room of the committee over which he presides, subject to the control of the presiding officer under Rule 1-3. Except as provided in Joint Rule 7-6, the chairman of the Senate committee shall be chairman of all joint committees.

**7-8. (1)** If either house requests a conference and appoints a committee for the purpose of discussing an amendment on which the Senate and the House of Representatives cannot agree, the other house shall appoint a committee for the same purpose. The time and place of all conference committee meetings shall be agreed upon by their chairmen and be announced from the rostrum. This announcement is in order at any time. Failure to make this announcement shall not affect the validity of the legislation. The conference committees, having conferred, shall report to their respective houses the result of their conference. A conference committee shall confine itself to accepting or rejecting each disputed amendment in its entirety.

**(2)** If either house requests a free conference committee and the other house concurs, appointments will be made the same as above. A free conference committee may discuss a bill in its entirety and is not confined to a particular amendment.

**7-9.** In joint committees other than the Rules and conference committees, members vote individually and not by houses. Because the rules and conference committees are joint meetings of separate committees, in such committees the committees from each house vote separately. A majority of each committee must agree before any action may be taken unless otherwise specified by individual house rules.

**7-10.** (1) Conference committee reports must give clerical instructions for enrolling by referring to the reference bill version.

(2) When a conference committee report is filed with the Secretary of the Senate or the Chief Clerk of the House, the same shall be read under Order of Business No. 3, select committees, and placed on the calendar for consideration on second reading. If recommended favorably by the Committee of the Whole, it may be considered on third reading the same legislative day. On the final legislative day a conference committee report shall be placed on the calendar for immediate consideration on second reading and shall be further considered on third reading the same legislative day. If a conference committee report is adopted on third reading and the bill is of a type requiring more than a majority vote for passage, the bill shall again be placed on third reading in each house. This third reading vote must be used to determine if the required number of votes has been cast.

**7-11.** Accredited press representatives may not be excluded from any public legislative meeting or hearing and may not be prohibited from taking photographs, televising, or recording the committee or house hearings, subject to the discretion of the presiding officer in all matters of decorum and order.

**7-12.** A committee block scheduling system will be implemented in the Senate and the House of Representatives. The schedule will be coordinated between houses and will be adjusted according to the Legislature's workload.

## CHAPTER 8 Rules and Journal

**8-1.** Each house shall keep a journal of its proceedings and may, in its discretion, from time to time, publish the same, and the ayes and noes on any question shall, at the request of any two members, be entered on the journal.

**8-2.** (1) The proceedings of each house which shall be entered on its journal include:

- (a) the number of each bill when it is introduced and subsequently considered;
- (b) every motion and the name of the member making it;
- (c) proposed constitutional amendments which have been voted for by two-thirds of the members (Montana Constitution, Art. XIV, Sec. 8);
- (d) committee reports;
- (e) roll call votes;

- (f) messages from the Governor and the other house;
- (g) an entry of the oath taken by the members (section 5-2-214, MCA).

(2) The title of each bill shall be listed in the index of the permanent journals.

**8-3.** The Bills and Journal Committee of each house shall supply the Legislative Council with the contents of the daily journal to be stored on an automated system. The committee shall examine its journal, distribute a daily journal to all legislators, order correction of any errors, and report each legislative day immediately after roll call.

**8-4.** The journal of the Senate must be authenticated by the signature of the President, and the journal of the House of Representatives, by the signature of the Speaker. The distribution of the completed journals shall be made by the Legislative Council (sections 5-11-201 through 5-11-203, MCA).

**8-5.** (1) A joint rule may be repealed or amended only with the concurrence of both houses, under the procedures adopted by each house for the repeal or amendment of its own rules.

(2) A joint rule governing the procedure for handling bills may be temporarily suspended by the consent of two-thirds of the members of either house, insofar as it applies to the house suspending it.

(3) Any Rules Committee report recommending a change in joint rules shall be referred to the other house for concurrent action. Any new rule or any change in the rules of either house shall be transmitted to the other house for informational purposes.

**8-6.** Mason's Manual of Legislative Procedure governs the proceedings of the Senate and the House of Representatives in all cases not covered by these rules.

**8-7.** The Legislative Council shall codify and publish in one volume the rules of the Senate, the rules of the House of Representatives, and the joint rules of the Senate and the House of Representatives. Upon adoption, the Secretary of the Senate and the Chief Clerk of the House of Representatives shall provide the office of the Legislative Council with one copy of all motions or resolutions amending Senate, House, or joint rules, and with copies of all minutes and reports of the Rules Committees. After the rules have been published, the Legislative Council shall distribute copies as directed by the Senate and the House of Representatives.

**8-8.** Pursuant to the authority established in sections 5-11-211 through 5-11-214, MCA, the following fee schedule is established for the legislative proceedings:

(1) One complete set of the proceedings of any regular session, \$475; an additional \$150 is required for mailing.

(2) One complete set of the proceedings of any special session, \$25.

(3) Single copies of bills, resolutions, amendments, status sheets, or other documents may be purchased according to the length of the document as follows:

|                               |                       |
|-------------------------------|-----------------------|
| 1-5 pages.....                | \$ .25                |
| 6-15 pages.....               | \$ .50                |
| 16-40 pages.....              | \$1.00                |
| 41-100 pages.....             | \$1.50                |
| 101-200 pages.....            | \$2.00                |
| Over 200 pages.....           | \$4.00                |
| Copies of enacted bills ..... | cost of reproduction. |

## CHAPTER 9 Voting Procedure

**9-1.** Except as provided in Joint Rule 9-2, every member present when a question is put shall vote unless the house of which he is a member excuses him.

**9-2.** A member who has a personal or private interest in any measure or bill proposed or pending before the Legislature shall disclose the fact to the house of which he is a member.

**9-3.** Amendments to the Montana Constitution may be proposed by any member of the Legislature. If adopted by an affirmative roll call vote of two-thirds of all the members of the Legislature, the amendment shall be deemed approved by the Legislature (Montana Constitution, Art. XIV, Sec. 8).

**9-4.** When a measure requiring the concurrence of two-thirds of the members is under consideration, a majority vote is sufficient to decide any question relating to the measure short of third reading.

**9-5.** A roll call vote shall be taken on the request of two members, if the request occurs before the vote is taken.

**9-6.** On a roll call vote the names of the members shall be called alphabetically, unless an electronic voting system is used. A member may not vote or change his vote after the decision is announced from the chair. A member may not explain his vote until after the decision is announced from the chair.

**9-7.** (1) On third reading the question shall be stated as follows: "Senate (or House) bill number ..... having been read three several times, the question is, shall the bill pass (or be concurred in)."

(2) If an electronic voting system is used, the signal shall be sounded after the question is stated and then the presiding officer shall state "Those in favor vote yes and those opposed vote no." After a reasonable pause the presiding officer asks "Has every member voted?" (reasonable pause), "Does any member wish to change his or her vote?" (reasonable pause), "The Clerk (Secretary) will now record the vote."

**9-8.** Two members may pair on a measure that will be determined by a majority vote. On a measure requiring a two-thirds vote for adoption,

three members may pair, with two members for the measure and one member against. Pairing is permitted only when one of the paired members is excused when the vote is taken.

**9-9.** An agreement to pair must be in writing and dated and signed by the members agreeing to be bound, and must specify the duration of the pair. When an agreement to pair is filed with the Secretary of the Senate or the Chief Clerk of the House of Representatives, it shall bind the members signing until the expiration of time for which it was signed, unless the paired members sooner appear and ask that the agreement be cancelled.

**9-10.** Every vote of each member of the Legislature on each substantive question in the Legislature, in any committee, or in Committee of the Whole shall be recorded and made public. On final passage of any bill or joint resolution the vote shall be taken by ayes and noes and the names entered on the journal. Roll call votes shall be taken by ayes and noes and the names entered on the journal on adopting an adverse committee report and on those motions made in Committee of the Whole referred to in Joint Rule 6-26(1)(a) through (d). A roll call vote shall be taken on nonsubstantive questions on the request of two members, who may likewise on any vote, request that the ayes and noes be spread upon the journal. Roll call votes and other votes which are to be made public but are not specifically required to be spread upon the journal shall be entered in the minutes of the appropriate committee or of the appropriate house and a copy of such minutes shall be filed with the Montana Historical Society (Montana Constitution, Art. V, Sec. 11(2)).

## CHAPTER 10 Consent Calendar

**10-1.** Noncontroversial bills and simple and joint resolutions qualifying for the consent calendar may be processed by a standing committee according to the following provisions:

(1) To be eligible for the consent calendar, the legislation must receive unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended). In addition, a motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report. No appropriation or revenue bills may be recommended for the consent calendar.

(2) The legislation is then sent to be processed and reproduced as a third reading version and specifically marked as a "consent calendar" item.

(3) Legislation shall be immediately posted (as soon as it is received as a third reading version) on the consent calendar and must remain there for 1 legislative day before consideration under Order of Business No. 11, special orders of the day. At that time, the presiding officer will announce consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate will be allowed.

(4) Any three members may submit written objections, and the legislation must then be removed from the consent calendar and added to the regular second reading board.

(5) Consent calendar legislation will be voted on following third reading.

(6) Legislation on the consent calendar will be voted on individually with the roll call vote spread on the journal as the final vote on those bills and resolutions.

(7) Legislation passed on the consent calendar will then be transmitted to the second house.

## CHAPTER 11

### Statement of Legislative Intent

**11-1. Definition.** For the purpose of compliance with the Legislative History Act (Title 5, chapter 4, part 4, MCA), a statement of legislative intent regarding a bill will express the common understanding of those components of the Legislature voting on the bill. This statement differs from a purpose clause, which is used in general to describe the broad overall objectives of a bill, while a statement of intent is used to guide the details of interpretation by those charged with implementation of the bill and is phrased in terms of contingencies, examples, or other matter inappropriate for expression as statutory language.

**11-2. Limitation.** A statement of intent may not accompany any bill that does not statutorily require one unless a committee (standing committee, Committee of the Whole or conference committee) agrees by a two-thirds vote to attach the statement.

**11-3. Statement of intent to accompany bill — when — how.** A statement shall accompany a bill as follows:

(1) Statements of intent are required for bills delegating new rule-making or licensing authority.

(2) The standing committee of the house in which the bill originates is responsible for authoring a statement of intent for a bill requiring one.

(3) The statement shall be stored on ALTER, printed, and reproduced on paper of the same color and in the same manner as the bill, and shall be attached to the bill. The statement shall be reproduced on paper of the same color as the bill and attached to the bill on all subsequent reproductions of the bill.

**11-4. Modification.** Any committee subsequently considering the bill may amend a previous statement. The statement of intent will be reflected in the history of the bill.

**11-5. Conference committee on intent only.** (1) When the second house concurs in a bill without amendments but amends or supersedes a previous statement of intent, the bill may not be enrolled until both houses have agreed on a statement of intent. If the statement is attached to a bill that does not statutorily require one, the conference committee can delete the statement in its entirety.

(2) A new statement of intent written by the second house will be processed in the same manner as a second house amendment.

(3) A regular conference committee may be appointed solely to resolve differences of intent if the second house's statement of intent is not so accepted.

Passed March 6, 1987.

## **SENATE JOINT RESOLUTION NO. 8**

**A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ENDORSING THE RECOMMENDATIONS OF THE DEVELOPMENTAL PLANNING TASK FORCE RELATING TO PROVISION OF SERVICES TO PERSONS WITH DEVELOPMENTAL DISABILITIES.**

WHEREAS, the Developmental Planning Task Force was appointed by the Developmental Disabilities Planning and Advisory Council and jointly funded by the Council, the Department of Social and Rehabilitation Services, the Department of Institutions, and the Office of Public Instruction to study and prepare recommendations for meeting the needs of Montana's unserved and underserved citizens with developmental disabilities; and

WHEREAS, the Task Force solicited advice and testimony from consumers, legislators, and professionals; and

WHEREAS, Montana law provides that each person who may be developmentally disabled will be afforded such treatment and habilitation as is suited to his needs and that such treatment and habilitation will be skillfully and humanely administered with full respect for the person's dignity and personal integrity; and

WHEREAS, Montana law provides that the state will accomplish this goal whenever possible in a community-based setting or in an institutionalized setting only if less restrictive alternatives are unavailable or inadequate and only if a person is so severely disabled as to require institutionalized care; and

WHEREAS, Montana law assures that due process of law is accorded any person with developmental disabilities.

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:**

That the following Task Force recommendations concerning the provision of services to Montanans with developmental disabilities be endorsed:

(1) that supported work services be developed for Montana's citizens with severe disabilities;

(2) that, when necessary, new programs be planned to bridge gaps that exist in the array of services;

(3) that programs at the Eastmont Human Services Center be modified to meet the specific needs of Montana's senior citizens with developmental disabilities;

(4) that programs at the Montana Developmental Center be modified to meet the specific needs of Montanans with developmental disabilities who have severe behavior problems or severe medical or care needs or who have been identified as naive offenders (individuals with developmental disabilities who come into contact with the criminal justice system because they have disobeyed the law);

(5) that improvements be made in community services in the areas of case management, respite care, and staff training and that independent reviews of placement and treatment, by the board of visitors or a similar body appointed for the purpose, be established;

(6) that the Developmental Disabilities Division of the Department of Social and Rehabilitation Services be designated as the lead agency for a federally funded state grant program for handicapped infants and toddlers;

(7) that concerned Montanans increase their awareness of problems faced by the naive offender, an individual with developmental disabilities who comes in contact with the criminal justice system because he has disobeyed a law, and the need for policies and procedures to identify and treat those individuals;

(8) that existing services be extended when necessary to meet the needs of all Montana citizens with developmental disabilities; and

(9) that the highest priority with regard to the provision of programs for the developmentally disabled is to appropriately serve all the developmentally disabled in the state, especially the unserved and underserved citizens.

BE IT FURTHER RESOLVED, that these recommendations be adopted as guidelines for state agencies but not implemented unless adequate funding is available.

Passed April 21, 1987.

WHEREAS, the Montana Legislature has authorized private grants and loans for water development under Title 85, chapter 1, part 6, MCA; and

WHEREAS, hydropower development qualifies as an eligible project or activity for consideration by the Department of Natural Resources and Conservation under this program; and

WHEREAS, the Montana Legislature recognizes hydropower developments may be directly related to agricultural development in Montana; and

WHEREAS, "directly related to agriculture" means that the sale of electricity from the hydropower project benefits an existing agricultural operation.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Department of Natural Resources and Conservation consider hydropower developments associated with agriculture equally with agricultural projects in administering the private grant and loan water development program established in Title 85, chapter 1, part 6, MCA.

Passed March 14, 1987.

## **SENATE JOINT RESOLUTION NO. 12**

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING CONGRESS TO CLARIFY ELIGIBILITY REQUIREMENTS FOR GENERAL PARTNERS RECEIVING FARM COMMODITY PROGRAM PAYMENTS.

WHEREAS, in the Food Security Act of 1985, Congress established a general limit of \$50,000 on payments that could be made to any person under one or more federal programs for wheat and feed grains; and

WHEREAS, the intent of such payment limitations was to provide incentives to well-managed owner-operated family farms as the best means

of promoting wise land-use practices and enhancing commodity price stability through limiting production; and

WHEREAS, Congress provided that the Secretary of the United States Department of Agriculture define the term "person" and assure fair application of the limitations in regulations issued to implement the Act; and

WHEREAS, current regulations do not adequately define payment eligibility of general partners or limit payments as intended by Congress; and

WHEREAS, large institutional farming enterprises are being structured wherein investors with minimal investment and no operational involvement are each eligible to receive payments under the Act; and

WHEREAS, with no effective limit on program payments to owners of such an enterprise, the farm program:

(1) encourages large-scale block farming with little incentive for practicing good farming or soil conservation techniques;

(2) results in certain entities engaging in farming solely for program benefits; and

(3) enables institutional enterprises to hold the land for speculative purposes, thereby denying entry of new owner-operators into farming at an opportune time; and

WHEREAS, owner-operated family farms are more conducive to a strong rural social structure and local economy than the institutional nonowner-operated farm.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That Congress is urged to clarify the eligibility requirements for general partners receiving federal commodity payments by requiring that such persons provide material input and bear a substantial portion of risk in the farming operation upon which eligibility is based.

(2) That Congress is urged to take any necessary action to ensure that its intent in establishing program eligibility and imposing payment limitations is properly implemented by the United States Department of Agriculture.

(3) That a copy of this resolution be sent by the Secretary of State to each member of the Montana Congressional Delegation, the chairman of the Senate Committee on Agriculture, Nutrition, and Forestry, the chairman of the House Committee on Agriculture, and the Secretary of the United States Department of Agriculture.

Passed March 16, 1987.

**SENATE JOINT RESOLUTION NO. 13**

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE CONSOLIDATION OF ALL SERVICES FOR PERSONS WITH DEVELOPMENTAL DISABILITIES UNDER A SINGLE ADMINISTRATIVE AUTHORITY; AND REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE 51ST LEGISLATURE.

WHEREAS, community-based services for Montanans with developmental disabilities have historically been provided by the Department of Social and Rehabilitation Services, while institutional services have been provided by the Department of Institutions; and

WHEREAS, support services and other coordinated activities for Montanans with developmental disabilities are provided by the Department of Labor, the Department of Health and Environmental Sciences, and the Office of Public Instruction; and

WHEREAS, administering institutional and community-based programs through separate agencies fosters difficulties in communication, cooperation, and coordination of service delivery; and

WHEREAS, the developmental disabilities service system is needlessly complex, with confusion over lines of authority and uncertainty for the public about access to the system; and

WHEREAS, the desirability of administrative consolidation of developmental disability services has been recommended by both the House Bill 909 Advisory Council required by Chapter 687, Laws of 1983, and the Disability Task Force of the Department of Social and Rehabilitation Services. NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study:

- (1) the need for consolidation of all services for persons with developmental disabilities under a single administrative authority; and
- (2) the various alternative methods for achieving that consolidation.

BE IT FURTHER RESOLVED, that the committee report the findings of the study to the 51st Legislature and, if necessary, draft legislation to implement its recommendations.

Passed April 23, 1987.

**SENATE JOINT RESOLUTION NO. 15**

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS TO RESTORE FINANCIAL STABILITY TO THE FARM CREDIT SYSTEM.

WHEREAS, the ongoing crisis in the Farm Credit System has created great hardship for farm and ranch producers throughout the nation and especially in Montana, where borrowers have suffered loss of credit, delays

and red tape, and exorbitant interest rates in excess of 13% for Federal Land Bank loans; and

WHEREAS, this crisis' most cruel manifestation has been the loss of borrower stock in four failed Production Credit Associations (PCA) in the 12th Farm Credit District, three of which were the Glendive, Milk River, and Western Montana PCAs in Montana; and

WHEREAS, this loss of members' stock in Montana, a total of \$13 million, has not only shaken and in many cases destroyed producer confidence in the Farm Credit System but has had a profound ripple effect on the entire economy of Montana, a state whose largest industry is agriculture; and

WHEREAS, the restoration of a sound, viable Farm Credit System of Land Banks and Production Credit Associations is absolutely vital to any recovery of the agricultural economy; and

WHEREAS, the Farm Credit System's regulator, the Farm Credit Administration in Washington, D.C., has proven itself incapable of or unwilling to take any action to alleviate these problems but has contributed to the problem by tying the system banks in red tape and burdening the system with onerous and unnecessary regulations.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Congress of the United States is urged to pass legislation to restore confidence and competence in the Farm Credit System by providing the necessary assistance to restore its financial stability, provide lower, competitive interest rates, restore the borrower stock lost in the failed PCAs, and institute a guaranty of borrower stock in the future so that this tragedy will never occur again.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to each member of Montana's Congressional Delegation and to the Director of the Farm Credit Administration.

Passed April 3, 1987.

## HOUSE JOINT RESOLUTION NO. 5

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS TO TAKE IMMEDIATE ACTION ON THE PASSAGE OF THE FEDERAL SURFACE TRANSPORTATION PROGRAM REAUTHORIZATION ACT.

WHEREAS, the 99th Congress of the United States failed to reauthorize the Federal Surface Transportation Program Reauthorization Act; and

WHEREAS, this failure to take action will bring the federal-aid transportation program to a standstill early in 1987; and

WHEREAS, highway users have continued to pay taxes into the highway trust fund but have not received any benefit from these taxes in fiscal 1987; and

WHEREAS, the lack of reauthorization will adversely affect the quality of Montana's highway transportation system; and

WHEREAS, the failure has adversely impacted the economic strength and viability of Montana's construction industry; and

WHEREAS, the continued failure to act could have the effect of eliminating thousands of construction-related jobs in Montana in 1987; and

WHEREAS, Montana has created and funded solely with state money a reconstruction trust fund to provide badly needed dollars for its deteriorating roads; and

WHEREAS, low asphalt and concrete prices now make highway construction an excellent investment.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the 100th Congress of the United States be urged to take immediate action to approve the Federal Surface Transportation Program Reauthorization Act for fiscal 1987 and beyond.

(2) That the Secretary of State send copies of this resolution to the Speaker of the United States House of Representatives, the President of the United States Senate, and all members of the Montana Congressional Delegation.

Passed February 21, 1987.

## HOUSE JOINT RESOLUTION NO. 6

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE U.S. ENVIRONMENTAL PROTECTION AGENCY, REGION VIII, TO REVISE ITS POLICY CONCERNING UNDERGROUND SALT WATER INJECTION INTO THE JUDITH RIVER FORMATION ON THE FORT PECK RESERVATION AND TO ESTABLISH A MONITORING AND DATA COLLECTION PROGRAM.

WHEREAS, the Environmental Protection Agency (EPA) administers the Underground Injection Control (UIC) Program and has issued permits for a number of salt water disposal wells on the Fort Peck Reservation; and

WHEREAS, under present policy EPA is allowing continued injection of salt water within certain limits for a number of wells that existed prior to the UIC Program's inception in the portion of the Judith River Formation west of a line running north-south between Range 48E and 49E; and

WHEREAS, under present policy EPA will permit new salt water injection wells in the portion of the Judith River Formation east of the line between Range 48E and 49E; and

WHEREAS, the Judith River Formation is a relatively shallow aquifer, and water in the western portion of the formation qualifies as an underground source of drinking water as defined by EPA regulations; and

WHEREAS, persons living on and near the Fort Peck Reservation are presently using water from the western portion of the Judith River Formation for livestock and domestic purposes, and technological advances may make other beneficial uses economically feasible in the future; and

WHEREAS, EPA policy concerning continued salt water injection in the Judith River Formation is based primarily on theoretical calculations and on limited or no empirical data concerning ambient water quality, hydrology and fracture gradients in the formation, the containment of injected salt water within approved limits in the vicinity of each well, and the cumulative effects of all wells injecting into the formation on beneficial use of the aquifer; and

WHEREAS, available data indicate that a number of wells have exceeded or are likely to exceed the carrying capacity of their approved disposal areas within the Judith River Formation; and

WHEREAS, pressure buildup from salt water disposal wells could cause lower quality formation water to be displaced toward portions of the formation where beneficial use of higher quality water is occurring; and

WHEREAS, EPA has not begun regulatory review of a number of existing wells disposing salt water into the Judith River Formation.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That EPA establish a comprehensive monitoring and data collection program on the Fort Peck Reservation to obtain reliable information concerning the ambient water quality, hydrology, and fracture gradients of the Judith River Formation and the individual and cumulative effects of salt water disposal wells on the formation's water quality.

(2) That EPA revise its policy to postpone approval of new salt water disposal wells in the eastern portion of the Judith River Formation until there is sufficient data to prove that there will be no adverse effect on existing and potential future beneficial use of formation water.

(3) That EPA revise its policy concerning existing salt water disposal wells in the western portion of the Judith River Formation to reflect the primary objectives of returning the water quality of the formation to prior ambient levels and promoting beneficial use of formation water.

(4) That EPA develop a schedule for phasing out the existing wells in the western portion of the Judith River Formation within a reasonable time.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to the Regional Administrator, U.S. Environmental Protection Agency, Region VIII, and the Montana Congressional Delegation.

Passed March 30, 1987.

## HOUSE JOINT RESOLUTION NO. 11

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA AUTHORIZING THE PERMANENT DISPLAY OF A MEMORIAL PAINTING IN THE LOBBY OF THE MONTANA JUSTICE/STATE LIBRARY BUILDING HONORING MR. BARRY R. ROWE, THE PRINCIPAL ARCHITECT OF THE BUILDING.

WHEREAS, Mr. Barry R. Rowe graduated from the Montana State University School of Architecture in 1973 and designed many public buildings in the State of Montana; and

WHEREAS, Mr. Barry R. Rowe was the principal architect of the jail complex in Fort Benton, Montana, which has been selected as a model jail by the United States Penal Commission; and

WHEREAS, Mr. Barry R. Rowe was the principal architect for the Montana Justice/State Library Building; and

WHEREAS, since Mr. Barry R. Rowe's untimely death on December 9, 1985, it seems right and proper that his contribution to Montana and his fellow man be memorialized as a token of recognition and appreciation; and

WHEREAS, Mr. Charles Rowe has offered to create a memorial painting symbolizing the Montana Justice/State Library Building and donate the painting in Mr. Barry R. Rowe's memory.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

## HOUSE JOINT RESOLUTION NO. 13

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING ADOPTION BY THE COURTS OF "GUIDELINES FOR THE FAIR TREATMENT OF CHILD WITNESSES IN CASES WHERE CHILD ABUSE IS ALLEGED".

WHEREAS, the incidence of sexual abuse against young children has increased dramatically in recent years; and

WHEREAS, a crime against a child is usually nonviolent and committed in secrecy, with the child often the only witness; and

WHEREAS, detecting the abuse and convicting the offender are difficult due to the lack of witnesses, lack of physical evidence, and inability, in many cases, of the child to testify against the defendant; and

WHEREAS, in cases where the child victim does testify, direct examination and cross-examination in the presence of the defendant lead to intimidation or confusion of the child, often resulting in the jury disbelieving the child's testimony; and

WHEREAS, there is a verified need to modify court procedures and evidentiary rules to accommodate the needs of the child witness.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That courts in Montana be urged to follow the American Bar Association in approval and adoption of "Guidelines for the Fair Treatment of Child Witnesses in Cases Where Child Abuse Is Alleged" in order to achieve procedural reform to improve the handling of child abuse cases and minimize the trauma suffered by child victims.

(2) That if passed, the Secretary of State shall send a copy of this joint resolution to each Supreme Court Justice and District Court Judge.

Passed March 20, 1987.

## HOUSE JOINT RESOLUTION NO. 14

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE MONTANA CONGRESSIONAL DELEGATION TO INITIATE AN AMENDMENT TO THE RECLAMATION REFORM ACT OF 1982 TO PROVIDE A MORE EQUITABLE ACREAGE LIMITATION FOR MONTANA LAND SERVED BY A FEDERAL WATER PROJECT.

WHEREAS, the Reclamation Reform Act of 1982, Public Law 97-293, was passed by the Congress of the United States; and

WHEREAS, under that act an increased acreage limitation of 960 acres is available for federal water projects, with an equivalency factor to increase acreages on land with lower productive and economic potential due to topography, soil characteristics, length of growing season, elevation, adequacy of water supply, and crop adaptability; and

WHEREAS, the House-Senate Conference Committee addressed development of an equivalency factor by the Secretary of the Interior not limited to an existing land classification system; and

WHEREAS, land in Montana, with its short growing seasons, long distance to markets, and limited crop choices has dramatically less economic potential per acre than land in some other areas served by federal water projects; and

WHEREAS, the equivalency factor was intended to equalize this difference by increasing the acreage limit for lands with less productive and economic potential; and

WHEREAS, the Secretary of the Interior has adopted a method that determines equivalency within a district based on land classification; and

WHEREAS, this determination does not address Montana's limitations due to topography, soil characteristics, length of growing season, elevation, adequacy of water supply, and crop adaptability; and

WHEREAS, the proposed equivalency determination would be expensive for a Montana federal water project user on a per-acre basis with no relief from the acreage limitation.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Montana Congressional Delegation be urged to initiate an amendment to the Reclamation Reform Act of 1982 to provide a more equitable acreage limitation recognizing an equivalency factor based on topography, soil characteristics, length of growing season, elevation, adequacy of water supply, and crop adaptability.

(2) That the equivalency factor for Montana be:

(a) 2 acres allowed for each class I acre;

(b) 3 acres allowed for each class II acre; and

(c) 4 acres allowed for each class III acre.

(3) That copies of this resolution be sent by the Secretary of State to each member of the Montana Congressional Delegation.

Passed March 14, 1987.

## HOUSE JOINT RESOLUTION NO. 16

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT APPROPRIATE LEGISLATIVE COMMITTEES AND THE BOARD OF PUBLIC EDUCATION WORK TOGETHER TO ESTABLISH A DEFINITION OF BASIC EDUCATION FOR MONTANA PUBLIC SCHOOLS AND TO DETERMINE THE COST OF PROVIDING A BASIC EDUCATION; TO DEVELOP A FISCAL NOTE PROCEDURE THAT LINKS EDUCATION POLICIES TO THE STATE BUDGET PROCESS; AND REQUIRING A REPORT OF THE FINDINGS OF THE COORDINATED STUDY TO THE 51ST LEGISLATURE.

WHEREAS, a number of Montana school districts have filed suit against the state on the grounds that the state has failed to meet a constitutional obligation to fund its share of a basic quality education for the public

school children in the state and has therefore denied an equal educational opportunity to the children;

WHEREAS, the Montana Legislature, through a subcommittee of the Legislative Finance Committee, made a diligent effort to address the definition of basic education and its funding and formulate public policies that would address the issues of this litigation;

WHEREAS, the Legislative Finance Committee formed a subcommittee with the objectives of reviewing the definition of basic education and determining the cost of basic education in Montana;

WHEREAS, the Subcommittee on School Funding defined basic education as the Board of Public Education's school accreditation standards and, with the assistance of the State Office of Public Instruction, attempted to determine a preliminary cost of these standards and, based on available fiscal data, determined the state is paying for the cost of the accreditation standards in a manner not related to the ability or willingness of the school district to supplement the state support;

WHEREAS, the subcommittee determined there is a need to continually review whether accreditation standards adequately define basic education; if so, it is now necessary to further articulate what performance factors are expected from the accreditation standards; review more fiscal data from the schools on the cost of implementing the standards; and provide an understandable method of coordination and articulation among the accreditation standard requirements, student performance expectations, and state funding levels; and

WHEREAS, this further analysis needs to be done with significant opportunity for participation by all groups and individuals concerned about public education and public tax dollars.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

- (1) That there should be a thorough interim study regarding:
  - (a) the adequacy of the accreditation standards;
  - (b) the cost of providing services to meet the accreditation standards;
  - (c) a procedure for presenting information to the Legislature on the cost of existing and proposed accreditation standards; and
  - (d) methods of funding basic education.
- (2) That to accomplish this goal, the Legislature requests that:
  - (a) the Board of Public Education administer and coordinate a review of the adequacy of accreditation standards, with appropriate assistance from the Office of Public Instruction;
  - (b) the Legislative Finance Committee further develop the cost components of the existing and proposed accreditation standards and evaluate the state financing method for providing a basic education in the public schools; and

(c) a legislative interim committee be assigned to monitor and evaluate the Board of Public Education's accreditation standard review and to consider any student performance expectations that may be linked to the accreditation standards and school funding.

(3) That the Board of Public Education and the two legislative committees coordinate their work to develop a fiscal note and budgeting system that provides articulation between the education policymakers and those responsible for balancing the state budget.

WHEREAS, Montana's economy is now reflecting the national trend toward high technology that requires greater reliance on air travel for continued growth; and

WHEREAS, in order to increase growth and profitability by conducting business in the larger population centers, new and expanding businesses and industries in Montana are forced to rely exclusively on an airline's existing schedules, services, and ticket prices; and

WHEREAS, airline deregulation has unfairly shifted the burden for maintaining the profitability of airlines upon the rural American business traveler; and

WHEREAS, chief executives of an airline, who see markets eroding as a result of decreasing populations in states such as Montana, should make decisions based on the favorable national business climate, rather than reducing airline schedules and increasing ticket prices based solely on a local economy; and

## INITIATIVE

### INITIATIVE NO. 105

By Initiative No. 105, the people proposed that the amount of taxes levied on property classes 3, 4, 6, 9, 12, and 14 may not exceed the amounts levied on those classes of property for the taxable year 1986. The act took effect July 1, 1987, because prior to that date the Legislature failed to pass an act lowering taxes on the above listed classes of property and establishing alternative revenue sources.

Initiative No. 105 was approved by the following vote at the General Election held November 4, 1986:

|          |         |
|----------|---------|
| For:     | 166,694 |
| Against: | 136,904 |

The text of the Initiative follows:

*Be it enacted by the People of the State of Montana:*

**Section 1. Declaration of policy.** (1) The State of Montana's reliance on the taxation of property to support education and local government has placed an unreasonable burden on the owners of classes three, four, six, nine, twelve, and fourteen property, as those classes are defined in Title 15, ch. 6, part 1.

(2) The legislature's failure to give local governments and local school districts the flexibility to develop alternative sources of revenue will only lead to increases in the tax burden on the already overburdened property taxpayer.

(3) The legislature is the appropriate forum to make the difficult and complex decisions to develop:

(a) a tax system that is fair to property taxpayers; and

(b) a method of providing adequate funding for local government and education.

(4) The legislature has failed in its responsibility to taxpayers, education, and local government, to relieve the tax burden on property classes three, four, six, nine, twelve, and fourteen.

(5) The people of the State of Montana declare it is the policy of the State of Montana that no further property tax increases be imposed on property classes three, four, six, nine, twelve, and fourteen.

**Section 2. Property tax limited to 1986 levels.** (1) Except as provided in subsections (2) and (3), the amount of taxes levied on property described in 15-6-133, 15-6-134, 15-6-136, 15-6-139, 15-6-142, and 15-6-144 may not, for any taxing jurisdiction, exceed the amount levied for taxable year 1986.

(2) The limitation contained in subsection (1) does not apply to levies for rural improvement districts, Title 7, ch. 12, part 21; special improvement districts, Title 7, ch. 12, part 41; or bonded indebtedness.

(3) New construction or improvements to or deletions from property described in subsection (1) is subject to taxation at 1986 levels.

(4) As used in this section, the "amount of taxes levied" and the "amount levied" mean the actual dollar amount of taxes imposed on an individual piece of property, notwithstanding an increase or decrease in value due to inflation, reappraisal, adjustments in the percentage multiplier used to convert appraised value to taxable value, changes in the number of mills levied, or increase or decrease in the value of a mill.

**Section 3. Contingent effective date.** (1) Except as provided in subsection (2), this act is effective July 1, 1987, and applies to taxable year 1987.

(2) This act will not become effective if, prior to July 1, 1987, an act is passed and approved that:

(a) states that it is being enacted in response to this initiative;

(b) reduces property tax on a statewide basis on property described in 15-6-133, 15-6-134, 15-6-136, 15-6-139, 15-6-142, and 15-6-144; and

(c) establishes alternative revenue sources to replace revenue lost to local governments, school districts, the university system, and other property taxing jurisdictions as a result of the reduced property taxes.

### LEGISLATIVE REFERENDUM

#### LEGISLATIVE REFERENDUM NO. 100

By Chapter 669, Laws of 1985, the Legislature submitted this proposal to establish a state lottery and provide for its administration.

Referendum No. 100 was approved by the following vote at the General Election held November 4, 1986:

|          |         |
|----------|---------|
| For:     | 216,706 |
| Against: | 97,459  |

The title and text of the Referendum follow:

AN ACT TO ESTABLISH A STATE LOTTERY AND PROVIDE FOR ITS ADMINISTRATION; AMENDING SECTION 23-5-202, MCA; PROVIDING EFFECTIVE DATES; AND PROVIDING THAT THE PROPOSED LOTTERY LAW BE SUBMITTED TO THE ELECTORS OF THE STATE OF MONTANA.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. **Short title.** [Sections 1 through 20] may be cited as the "Montana State Lottery Act of 1985".

Section 2. **Purpose.** (1) The purpose of [sections 1 through 20] is to allow lottery games in which the player purchases from the state, through the administrators of the state lottery, a chance to win a prize. [Sections 1 through 20] do not allow and may not be construed to allow any game in which a player competes against or plays with any other person, including a person employed by an establishment in which a lottery game may be played.

(2) The administration and construction of [sections 1 through 20] must comply with Article III, section 9, of the Montana constitution, which mandates that all forms of gambling are prohibited unless authorized by acts of the legislature or by the people through initiative or referendum. [The net revenue is statutorily appropriated, as provided in [section 2 of House Bill 12].] The superintendent of public instruction shall establish the dollar amount per ANB by dividing the net lottery revenue for the school year by the total state ANB in the prior school year. He shall then notify each county superintendent by the fourth Monday of July of the total retirement fund equalization aid available to the county, as calculated separately for elementary and high school districts using the prior year's ANB and prorated as specified in 20-9-501(6) for any joint school district, and each county superintendent must use such amounts to reduce the total retirement fund levy requirement for elementary school districts and the total retirement fund levy requirement for high school districts. Payment may not be made directly by a machine or device or by a computer terminal.

(3) Prizes over \$100,000 may in the discretion of the commission be paid either in one lump sum or in equal yearly installments without interest over a period of not more than 10 years, except that each installment payment must be at least \$20,000.

(4) Prizes not claimed within 6 months are forfeited and must be paid into the state lottery fund. No interest is due on a prize when a claim is delayed but made within 6 months.

[SB 7]

AN ACT CREATING AN AGRICULTURAL PRODUCTION LOAN LINKED DEPOSIT PROGRAM; AUTHORIZING THE BOARD OF INVESTMENTS TO PLACE UP TO \$50,000,000 OF PUBLIC INVESTMENT FUNDS IN CERTIFICATES OF DEPOSIT WITH PARTICIPATING LENDING INSTITUTIONS AT AN INTEREST RATE 1 PERCENT BELOW THE CURRENT MARKET RATE; REQUIRING EACH INSTITUTION TO LEND THE VALUE OF SUCH DEPOSITS TO ELIGIBLE AGRICULTURAL OPERATIONS AT AN INTEREST RATE NOT EXCEEDING 2 PERCENTAGE POINTS GREATER THAN THE RATE PAYABLE ON THE CERTIFICATES OF DEPOSIT; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Findings and purpose.** The legislature finds that due to economic, climatic, and other factors beyond their control a significant number of Montana agricultural producers are presently unable to obtain the financial credit necessary to continue operating and are in imminent peril of losing their operations and their livelihood. Because of the dependence of the entire Montana economy on the well-being of agriculture, the legislature further finds that the current crisis in agriculture poses a serious threat to all Montana's citizens. It is the purpose of [this act] to permit deposit of public investment funds in local financial institutions at less than current market rates to in turn enable those institutions to make credit available to certain agricultural borrowers at favorable rates. Notwithstanding other statutory fiduciary requirements, a deposit under [this act] is hereby authorized and declared to be for a valid public purpose.

**Section 2. Definitions.** As used in [this act], the following definitions apply:

(1) "Board" means the board of investments established under 2-15-1005.

(2) "Eligible agricultural operation" means any person, corporation, partnership, or other entity which is engaged in the production of agricultural, livestock, poultry, dairy, or fruit or other horticultural products and which:

- (a) derives at least 70% of its gross income from such production; and
- (b) has total financial liabilities exceeding 30% of its total assets.
- (3) "Eligible lending institution" means a financial institution that:
  - (a) is eligible to make commercial loans;
  - (b) is a public depository of state funds; and

(c) agrees to participate in the linked deposit program established by [this act].

(4) "Linked deposit" means an agreement between the board and an eligible financial institution whereby a certificate of deposit for a term not exceeding 6 months is placed by the board with an eligible lending institution at a rate 1% below the current market rate for such a deposit, as determined by the board, provided the institution agrees to lend the value of such deposit, pursuant to the deposit agreement provided in [section 5], to eligible agricultural operations at an interest rate not exceeding 2 percentage points greater than the rate payable on the certificate of deposit.

**Section 3. Amount authorized for linked deposits.** The board may place public funds under its control not exceeding \$50,000,000 in linked deposits in eligible lending institutions qualified under [this act] to receive such deposits.

**Section 4. Application for funds — criteria for loans.** (1) An eligible lending institution that desires to receive a linked deposit shall accept and review applications for linked deposit loans from eligible agricultural operations. The institution shall apply all usual lending standards to determine credit worthiness of each applicant. No linked deposit loan made to any eligible agricultural operation may exceed \$50,000, and no service of separate loans funded under [this act] may be made which in the aggregate exceeds such limit to any single eligible agricultural operation.

(2) An eligible agricultural operation must certify on its loan application that the reduced rate loan will be used exclusively for its necessary production expenses or for the short-term acquisition of livestock for other than breeding purposes.

(3) The eligible lending institution must forward to the board a linked deposit loan package on a form prescribed by the board which discloses the recipient, amount, rate of interest, and term of each loan proposed to be made with the linked deposit, and ratio of total financial liabilities to total assets of each borrower. The institution shall ensure and certify that each loan applicant meets the eligibility requirements of [this act].

**Section 5. Approval and acceptance of deposit — deposit agreement.** (1) The board may accept or reject the linked deposit loan package or any portion thereof.

(2) Upon acceptance of the linked deposit loan package or any portion thereof, the board may place certificates of deposit for a term not to exceed 6 months with the eligible lending institution at a rate 1% below the current market rate for such certificates, as determined by the board.

(3) The eligible lending institution must enter into a deposit agreement with the board, which shall specify the recipients, amount, rate of interest, and length of time of loans which the institution will make upon receiving a linked deposit. The agreement must also specify that interest on the linked deposit must be paid at the times determined by the board.

(4) The period of time for which a certificate of deposit is placed with an eligible lending institution may be neither longer nor shorter than the period of time for which the linked deposit is used to provide loans at reduced interest rates.

**Section 6. Linked deposit loans.** (1) Upon placement of a linked deposit with an eligible lending institution, the institution must lend such

funds to each approved eligible agricultural operation listed in the linked deposit loan package required by [section 4] and in accordance with the deposit agreement required by [section 5]. Each loan must be at a fixed rate of interest not exceeding 2 percentage points greater than the rate payable on the linked deposit.

(2) All records and documents pertaining to each loan shall be segregated by the lending institution for ease of identification and examination.

(3) Each eligible agricultural operation receiving a loan under [this act] shall promptly certify receipt of the loan to the board in the form and manner prescribed by the board.

(4) Any report of noncompliance by an eligible lending institution chartered under the laws of this state must be referred to the financial division of the department of commerce for appropriate action. Any report of noncompliance by an eligible lending institution chartered under federal law must be referred to the office of United States comptroller of the currency or other appropriate federal regulatory agency for appropriate action.

**Section 7. Liability for loans and deposit funds.** Neither the state nor the board is liable to any eligible lending institution in any manner for payment of the principal or interest on any loan to an eligible agricultural operation. Any delay in payments or default on the part of an eligible agricultural operation does not in any manner affect the deposit agreement between the eligible lending institution and the board.

**Section 8. Penalty.** (1) Any person who knowingly makes a false statement concerning any loan application or linked deposit loan package is guilty of a misdemeanor.

(2) Any lending officer of an eligible lending institution who knowingly violates any provision of [this act] is guilty of a misdemeanor.

**Section 9. Effective date — termination.** (1) This act is effective on passage and approval and terminates March 15, 1987.

(2) The authority of the board to make linked deposits under this act terminates August 31, 1986.

Approved April 7, 1986.

(11) *Where a labor organization represents a substantial number of employees who are engaged in similar work or training in the area where it is proposed to assign the recipient to work or training, an opportunity must be provided for that organization to submit comments with respect to such proposal.*

(12) *No work program may impair existing contracts for services or collective bargaining agreements, and no work program that would be inconsistent with the terms of a collective bargaining agreement may be undertaken without the written concurrence of the labor organization and employer concerned."*

Section 1. **Short title — definition.** [Sections 1 through 16] may be cited as the “Montana Insurance Assistance Plan”. As used in [sections 1 through 16], “plan” means the “Montana Insurance Assistance Plan”.

Section 2. **Purpose.** The purpose of [sections 1 through 16] is to establish a temporary plan to assist insurance consumers in this state in obtaining needed commercial liability insurance when no quotation is available from regular sources of insurance. The plan is not constituted to act as an insurer capable of assuming insurance risks.

Section 3. **Limit on term of operation — review of necessity — dissolution.** (1) The plan is established as a temporary market assistance plan to function only as long as its services are considered necessary to relieve perceived insurance market problems in this state.

(2) Six months after the plan becomes operational and on each 6-month anniversary thereafter, the advisory committee established under [section 4] shall review the necessity for continuation of the plan.

(3) If, after review, the advisory committee finds that a need exists for continued operation, it shall report that finding to the commissioner.

(4) If, after review, the advisory committee finds that there is no longer a need for continued operation of the plan, it may recommend to the commissioner that he dissolve the plan and discontinue its services. The advisory committee's recommendation is advisory only, and the commissioner is not required to follow the advisory committee's recommendation.

(5) The plan may be dissolved only on the written authorization of the commissioner.

Section 4. **Plan structure — committees.** The plan consists of three committees appointed by the commissioner. The committees are:

(1) the advisory committee, which consists of one member from the insurance department, one member representing agents, and three members representing company underwriters;

(2) the agents committee, which consists of two members representing the independent insurance agents of Montana (IIAM), one member representing the professional insurance agents (PIA), one member representing

the excess and surplus lines agents, and one member representing direct writer agents; and

**Section 5. Apportionment agreements.** (1) Insurers participating in the plan shall agree to equitably apportion, according to the provisions of [section 13(6)], insurance to be offered under the plan to eligible applicants who, although entitled to insurance from regular insurance markets, have been unable to procure such insurance through ordinary methods after a good faith effort.

(2) Apportionment agreements under subsection (1) must be approved by the commissioner.

**Section 6. Exemption from agent appointment requirements.** (1) For purposes of the plan:

(a) an insurer that has entered into an agreement as provided in [section 5] may accept applications for insurance coverage from any agent even though that agent has not been appointed by the insurer; and

(b) an agent may place business, as to any type of insurance for which he is licensed at the time, with any insurer participating in the plan even though the agent has not been appointed as an agent by that insurer.

(2) An insurer that issues insurance coverage upon an application submitted by an agent who has not been appointed by the insurer shall pay the agent a commission in conformity with the insurer's filed rates, rating plans, or forms for the kind of insurance effected.

(3) An agent who countersigns a policy, when a countersignature is required by 33-17-1111, shall be paid a countersignature commission as provided in 33-17-1113.

(d) other commercial lines liability coverages if the commissioner finds in writing, after consultation with the plan's advisory committee, that there are severe availability problems in the marketplace and that the plan is likely to provide assistance with a reasonable probability of success.

(2) Coverages that could be written through the Montana automobile assigned risk plan, Montana workers' compensation insurance plan, or Montana medical liability joint underwriting association, if activated, may not be issued under the plan.

**Section 8. Eligibility for assistance — application — rules.** (1) Any person constituting or having an insurable risk that is resident, located, or to be performed in this state is eligible for assistance in procuring coverage under the plan on submission of:

- (a) a fee set by a rule adopted by the commissioner;
- (b) a properly executed application form; and
- (c) documentation of the unavailability problem by an insurance agent licensed in this state.

(2) The application fees must be paid in advance as set forth in rules adopted by the commissioner.

(3) All properly executed applications must be sent to the commissioner.

(4) Applications and supplemental forms, if appropriate, must be completed in their entirety. Incomplete applications may be returned.

**Section 9. Insurer membership — election not to participate.** (1) The commissioner shall develop a listing of participating insurers as provided in subsection (2).

(2) The commissioner shall mail to each admitted property and casualty insurer and eligible surplus lines insurer a bulletin outlining the conditions of the plan and advising that each is considered to be a voluntary participant. An insurer may request permission not to participate by providing to the commissioner reasons why its participation should be waived.

**Section 10. Advisory committee — duties and responsibilities.** (1) The advisory committee, assisted by the insurance department staff, is the principal operations committee and shall receive the initial application from applicants for insurance assistance who have encountered an availability-related insurance problem. - (e) names of other insurers contacted for coverage;
- (f) summary of advisory committee actions; and
- (g) other information as considered necessary to document the applicant's availability problem.

(3) The advisory committee is authorized to give direction to the plan and to the producers and underwriting committees. The committee shall meet as needed and review the activities of the agents and underwriting committees and all other operations of the plan.

(4) The advisory committee shall review and authorize all letters stating that the plan is unable to be of assistance. The advisory committee may override all decisions of the agents and underwriting committees and may resubmit to the plan an application that has been denied by either committee.

**Section 11. Agents committee — duties and responsibilities.** (1) The agents committee, assisted by the insurance department staff, shall process properly executed applications accompanied by appropriate underwriting information.

(2) Each application must be reviewed to determine the availability problem. Depending on the nature of the problem, the committee may:

- (a) resubmit the application to the present or most recent insurer for reconsideration;
- (b) check other sources of insurance of the submitting agent;
- (c) check all other known sources of insurance;
- (d) check the excess and surplus lines markets; or

(3) If the actions permitted in subsection (2) fail, the chairman shall refer the application with appropriate comments to the underwriting committee.

**Section 12. Underwriting committee — duties and responsibilities.** (1) The underwriting committee may provide technical assistance on those lines of business for which member insurers have agreed to participate.

(2) The underwriting committee may consider and act only on applications referred to it by the agents committee.

(3) The underwriting committee shall establish a rotation system that permits a participating insurer to offer insurance coverage that it is qualified to write in this state to a qualified, eligible applicant, pursuant to [section 13].

(4) If the underwriting committee finds that it cannot assist an applicant, the chairman shall draft a letter to the insurance commissioner with

an explanation. The letter shall be transmitted to the advisory committee for review.

**Section 13. Issuance of insurance — premiums.** (1) A participating insurer may offer to write insurance under the plan on the same basis as it normally provides insurance in this state using its filed rates, rules, and forms.

(2) Each participating insurer may individually evaluate the risk represented by an applicant and develop a premium for a risk in accordance with its filed rating plans.

(3) An applicant shall pay in advance any premium for risks accepted under the plan.

(4) On approval of the advisory committee, a participating insurer may develop "A" rates for risks that do not fall within the rules or rates filed by the insurer.

(5) Within 10 working days of receiving an application, a participating insurer shall indicate its willingness to offer or refusal to offer insurance on the application to the chairman of the underwriting committee. A reasonable extension may be granted by the chairman of the underwriting committee.

(6) A participating insurer is expected to quote on at least one out of every five applications received from the underwriting committee. The insurer shall notify the applicant's insurance agent of any quotations and of the administrative procedure to be followed if the applicant accepts coverage from the insurer at the price quoted.

(c) establishment, procedures, and operations of the plan's agents and others designed to assist such agents to comply with the plan.

(2) Rules adopted pursuant to this section are subject to the procedures and carry the penalty provided by 33-1-313.

(2) No person may act or hold himself out in this state to be a managing general agent unless licensed as an insurance agent under this chapter and appointed by the insurers represented.

(5) The commissioner shall prescribe and furnish forms required in connection with application for, issuance, continuation, or termination of licenses and appointments.

(6) Unless licensed as a life insurance agent as required by this section, no person shall in this state solicit life insurance or annuities or procure applications therefor or engage or hold himself out as engaging in the business of analyzing or abstracting life insurance policies or annuities or of counseling or advising or giving opinions, other than as a licensed attorney at law, relative to such insurance or annuities for fee, commission, or other compensation, other than as a salaried bona fide full-time employee so counseling and advising his employer relative to the insurance interests of the employer and of the subsidiaries or business affiliates of the employer or with respect to the insurance interests of employees of such employer, subsidiaries, or affiliates under group insurance or similar insurance plans arranged by the employer or employers of such employees."

Section 18. **Report to legislature.** The commissioner shall report to the 50th legislature on the effectiveness of the plan in providing insurance coverage for risks resident, located, or to be performed in this state and on the necessity to continue the authority granted by section 14.

Section 19. **Appropriation.** There is appropriated to the State Auditor's Office from the insurance earmarked account \$5,325 for the fiscal year ending June 30, 1986, and \$31,798 for the fiscal year ending June 30, 1987, for one staff position to assist in the plan.

**Section 20. Codification instruction.** Sections 1 through 16 are intended to be codified as an integral part of Title 33, and the provisions of Title 33 apply to sections 1 through 16.

**Section 21. Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

# RESOLUTIONS

## SENATE JOINT RESOLUTION NO. 1

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF INSURANCE-RELATED PROBLEMS, INCLUDING THE HIGH COST AND UNAVAILABILITY OF LIABILITY INSURANCE, PROPOSALS FOR GENERAL TORT REFORM, AND GENERAL QUESTIONS INVOLVING PUBLIC AND PRIVATE LIABILITY ISSUES; REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE 50TH LEGISLATURE.

WHEREAS, on December 31, 1985, the Supreme Court of the State of Montana issued the Pfost decision, overturning our sovereign immunity protections and thereby exposing state governmental entities to unlimited civil liability; and

WHEREAS, current circumstances in the insurance industry have made insurance coverage and protection unavailable for many businesses and governmental entities; and

WHEREAS, considerable evidence establishes the difficulty of other businesses and governmental entities to obtain insurance coverage and protection at reasonable rates; and

WHEREAS, the high cost of insurance seriously threatens the provision of certain goods and services to the state's citizens; and

WHEREAS, proposed solutions to the complex problems of insurance coverage and protection and public and private tort liability are not easily identified, and adequate and effective solutions may not be obtainable within the pressures of a special or regular legislative session; and

WHEREAS, a thoughtful and reasoned study of the myriad aspects of insurance costs and availability, tort reform and constitutional amendment proposals, and public and private liability would aid in the solution of these complex issues.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That a special joint interim committee, to which the full subpoena power of the Legislature and the Legislative Council is extended, be assigned to study and to prepare legislation to address:

- (1) insurance problems, including how to make insurance coverage and protection available to Montana citizens at a reasonable cost;
- (2) the effectiveness of various tort reform and constitutional amendment proposals; and

(3) general questions involving public and private liability, including but not limited to the issues of the collateral source rule, simultaneous pursuit of a bad faith claim with the underlying claim, structured settlements, statutes of limitations, joint and several liability, caps on damage awards, contingent fee arrangements, attorney fees for defense counsel, reinsurance, a state reinsurance fund, insurance marketing assistance, wrongful discharge, punitive damages, and sanctions for filing frivolous lawsuits.

BE IT FURTHER RESOLVED, that money be appropriated to fund the study, and that the committee prepare a report of study findings for the 50th Legislature.

Passed March 29, 1986.

## SENATE JOINT RESOLUTION NO. 2

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES SECRETARY OF AGRICULTURE TO MAKE ADVANCE COMMODITY CREDIT CORPORATION (CCC) RECOURSE LOANS AVAILABLE TO MONTANA AGRICULTURAL PRODUCERS, AS AUTHORIZED UNDER PROVISIONS OF THE FOOD SECURITY ACT OF 1985, THEREBY ENSURING THAT ADEQUATE OPERATING CREDIT IS AVAILABLE FOR PLANTING OF THE 1986 CROP.

WHEREAS, during the last year, 15.6% of all Montana agricultural producers had agricultural loan applications refused by financial lenders, and 53.4% of those producers could not secure financing from any other lender; and

WHEREAS, interest rates for agricultural loans average 12.9% in Montana, with interest rates reported as high as 13.5% and 14% in many instances; and

WHEREAS, in the present market, there exists an urgent demand for financing, which is not available in adequate supply or at reasonable interest rates; and

WHEREAS, the lack of available, adequate financing at reasonable rates makes it difficult for many Montana producers to finance the production of crops in 1986 or to continue their existing agricultural operations; and

WHEREAS, Section 1003 of the Food Security Act of 1985, P.L. 99-198, grants the U.S. Secretary of Agriculture discretionary authority to make advance CCC recourse loans available to agricultural producers to finance the 1986 crop if the Secretary finds that such loans are needed to ensure that adequate operating credit is available to producers; and

WHEREAS, in recent amendments to the Food Security Act of 1985, P.L. 99-260, the U.S. Congress has affirmed that the Secretary of Agriculture should carry out a program to make advance CCC recourse loans

available to producers who are unable to obtain sufficient credit elsewhere to finance production of the 1986 crop.

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:**

That the Legislature of the State of Montana strongly urge the U.S. Secretary of Agriculture to make advance CCC recourse loans available to Montana agricultural producers, as authorized under provisions of the Food Security Act of 1985, so that adequate operating credit is available for planting of the 1986 crop.

**BE IT FURTHER RESOLVED**, that the Secretary of State transmit a copy of this resolution to the President of the United States, the Honorable Richard Lyng, U.S. Secretary of Agriculture, and each member of the Montana Congressional Delegation.

Passed March 28, 1986.

## **HOUSE JOINT RESOLUTION NO. 1**

**A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA CONSENTING TO THE CONSTRUCTION OF A FACILITY AT MONTANA STATE UNIVERSITY THAT WILL CONVERT ITS HEATING PLANT TO ENABLE IT TO UTILIZE THE MOST COST-EFFECTIVE FUELS.**

**WHEREAS**, section 18-2-102, MCA, requires legislative consent for construction projects by a state agency in excess of \$25,000; and

**WHEREAS**, section 18-2-102, MCA, authorizes use of a joint resolution to express legislative consent for such a construction project when no appropriation is required; and

**WHEREAS**, Montana State University wishes to carry out a construction project to convert its heating plant to enable it to use the most cost-effective fuels in order to attain the objective of lowest space-heating costs, for which project legislative appropriations are not required.

**NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:**

That the Senate and the House of Representatives of the State of Montana consent to a construction project at Montana State University to convert its heating plant to enable it to use the most cost-effective fuels to attain the objective of lowest space-heating costs.

**BE IT FURTHER RESOLVED**, that efforts will be made to receive funding from all possible charitable and funding sources prior to obtaining the funding through conventional lending.

Passed March 27, 1986.

## HOUSE JOINT RESOLUTION NO. 2

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THAT THE UNITED STATES CONGRESS ENACT TEMPORARY LEGISLATION TO AID AGRICULTURAL BORROWERS AND LENDERS DURING THE CURRENT FINANCIAL CRISIS IN MONTANA AGRICULTURE AND REQUESTING CONGRESS TO EXPAND THE FARMERS HOME ADMINISTRATION LOAN GUARANTEE AND INTEREST RATE BUYDOWN PROGRAMS, TO PRESERVE THE SMALL BUSINESS ADMINISTRATION GUARANTEED LOAN PROGRAM FOR BUSINESSES IN RURAL FARM COMMUNITIES, AND TO CREATE A SECONDARY MARKET FOR FARM REAL ESTATE TO STABILIZE LAND VALUES.

WHEREAS, the Montana agricultural economy is under severe financial stress due to low commodity prices, drought, reduced exports, continuing high interest rates, and declining land values; and

WHEREAS, the number of farm foreclosures in Montana during 1985 reached a level not seen since the Great Depression; and

WHEREAS, many agriculture-related businesses in Montana communities are going out of business, reflecting the financial problems of farmers and ranchers in this state; and

WHEREAS, the current financial crisis in agriculture poses serious problems for Montana financial lenders; and

WHEREAS, many of Montana's agricultural producers currently face a severe shortage of operating capital; and

WHEREAS, Congress could improve the capacity of financial lenders to make agricultural credit available to farmers and ranchers by expanding the Farmers Home Administration loan guarantee and interest rate buydown programs; and

WHEREAS, many small, rural community businesses depend upon low interest financing through the Small Business Administration; and

WHEREAS, agricultural land values, which have declined as much as 50% in the last 5 years, could be stabilized by creation of a secondary market for farm real estate similar to the secondary markets established by Congress for the housing industry.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature of the State of Montana urge the United States Congress to enact temporary legislation to help agricultural borrowers and lenders survive the current financial crisis in Montana agriculture.

BE IT FURTHER RESOLVED, that Congress:

(1) expand the Farmers Home Administration loan guarantee and interest rate buydown programs;

(2) preserve the guaranteed loan program administered by the Small Business Administration to assist businesses in rural farm communities; and

(3) create a secondary market for farm real estate to stabilize agricultural land values.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, and to each member of the Montana Congressional Delegation.

Passed March 28, 1986.

### HOUSE JOINT RESOLUTION NO. 3

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE UNITED STATES CONGRESS NOT TO IMPOSE AN EXCISE TAX ON IMPORTED CRUDE OIL BECAUSE OF THE SERIOUS FINANCIAL IMPACT SUCH TAX WOULD HAVE UPON AGRICULTURE IN MONTANA.

WHEREAS, legislation has been introduced in the United States Congress to impose an excise tax on imported oil; and

WHEREAS, in hearing S. 1507, S. 1997, and H.R. 3838, the Congress is considering imposition of an excise tax between \$5 and \$10 per barrel on imported crude oil; and

WHEREAS, it is estimated that a \$10-per-barrel import oil tax would add 24 cents to the price of each gallon of petroleum fuel; and

WHEREAS, a \$10 import oil tax would result in approximately \$36 million in increased costs for energy and petroleum products purchased by Montana farmers and ranchers; and

WHEREAS, Montana farmers and ranchers cannot add production cost increases, such as an oil import tax, to the price of their products because individually they do not have sufficient market power to set prices; and

WHEREAS, the increased costs of production resulting from an oil import tax would be borne by Montana farmers and ranchers; and

WHEREAS, depressed commodity prices and increased production costs have reduced net farm income, threatening the financial survival of many Montana farmers and ranchers; and

WHEREAS, an oil import tax would further reduce net farm income by raising production costs and thereby make an already critical financial situation in agriculture even worse.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature of the State of Montana urgently request the United States Congress not to enact legislation imposing an excise tax on imported crude oil.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, and the Montana Congressional Delegation.

Passed March 28, 1986.

## CHAPTER NO. 1

[SB 2]

AN ACT TO REQUIRE THAT ALL INTERENTITY LOANS BE PAID WITHIN 1 CALENDAR YEAR OF THE DATE APPROVED; AMENDING SECTION 17-2-107, MCA; AND PROVIDING AN APPLICABILITY DATE AND AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 17-2-107, MCA, is amended to read:

**"17-2-107. Accurate accounting records and interaccount loans.**

(1) The department of administration shall record receipts and disbursements for treasury funds and for accounts within treasury funds and shall maintain records in such a manner as to reflect the total cash and invested balance of each fund and each account. The department of administration shall adopt the necessary procedures to insure that interdepartmental or intradepartmental transfers of money do not result in inflation of figures reflecting total governmental costs and revenues.

(2) When the expenditure of an appropriation is necessary and the cash balance in the account from which the appropriation was made is insufficient, the department of administration may authorize a transfer, as a temporary loan bearing no interest, of unrestricted moneys from other accounts, provided that there is reasonable evidence that the income will be sufficient to restore the amount so transferred *within 1 calendar year* and provided the loan is recorded in the state accounting records. The loan must be repaid *within 1 calendar year of the date the loan is approved* unless it is extended under subsection (3) or by specific legislative authorization. No account shall be so impaired that all proper demands thereon cannot be met even if the loan is extended.

(3) Under unusual circumstances the director of the department of administration may grant one extension of a loan for up to 1 year. The department of administration shall prepare a written justification and proposed repayment plan for each loan extension authorized and shall furnish a copy of the written justification and proposed repayment plan to the house appropriations and senate finance and claims committees at the next legislative session.

(4) Any loan from the general fund or the current unrestricted subfund to funds designated in subsections (1)(d)(i)(D) and (1)(d)(ii) through (1)(d)(vi) of 17-2-102 shall bear interest at a rate equivalent to the previous fiscal year's average rate of return on the board of investments' short-term investment pool. Except for investment earnings on restricted donations, all designated and restricted subfund investment earnings are credited to the state general fund.

(5) No accounting entity may have a negative cash balance at fiscal yearend. The department of administration may, however, allow any entity to carry a negative balance at any point during the fiscal year subject to the following restrictions:

(a) Accounting entity negative cash balances may not exist more than 7 working days in the funds provided in subsections (1)(a) through (1)(c) of 17-2-102.

(b) Units of the university system and postsecondary vocational-technical centers must maintain positive cash balances in the subfunds provided in subsections (1)(d)(i)(A) through (1)(d)(i)(D) and (1)(d)(ii) through (1)(d)(vi) of 17-2-102."

**Section 2. Applicability.** This act applies retroactively, within the meaning of 1-2-109, to loans processed on or after July 1, 1985.

**Section 3. Effective date.** This act is effective on passage and approval.

Approved June 30, 1986.

## CHAPTER NO. 2

Except as provided in subsection (2) of this section, that amount specifically allocated for group benefits shall be determined by 2-18-703. [HB 33]

AN ACT REVISING LAWS RELATING TO PUBLIC ASSISTANCE; LIMITING THE DURATION OF ASSISTANCE PROVIDED TO ABLE-BODIED PERSONS; LIMITING THE AMOUNT OF MONTHLY GENERAL ASSISTANCE; REVISING INCOME ELIGIBILITY STANDARDS FOR GENERAL RELIEF MEDICAL ASSISTANCE; AMENDING SECTIONS 53-3-108, 53-3-109, 53-3-205, 53-3-206, AND 53-3-209, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 53-3-108, MCA, is amended to read:

**“53-3-108. Purpose.** (1) The legislature, in order to implement the provisions of Article XII, section 3, of the Montana constitution, finds that certain persons are in need of assistance because of misfortune and must be provided with certain assistance through programs for general relief. These programs are to be efficiently administered by local county welfare boards or, whenever responsibility for local welfare programs has been assumed by the state of Montana, by the department of social and rehabilitation services. General relief, along with other assistance programs, is made available to provide basic necessities that provide minimum subsistence compatible with decency and health and to provide financial assistance for medical services necessary for serious medical conditions. General relief medical assistance is not intended to provide catastrophic medical insurance to nonindigent persons.

(2) The legislature finds that assistance under the general relief program should not be available to those persons who have either adequate income or resources of their own or who are able-bodied. When benefits and services are available through other federal or state assistance programs, general relief should not be provided in duplication of such other assistance.

(3) *The legislature, in recognition of the need to expand the employment opportunities available to able-bodied persons who do not have dependent minor children, will provide 2 months of general relief so that such able-bodied persons may be eligible for the job readiness training authorized in 53-3-304(3).*

(4) The legislature further finds that the purposes of the general relief program must be implemented only to the extent necessary and allowable by the mandates of Article VIII, sections 12 and 14, of the Montana constitution, regarding financial accountability and expenditure by appropriation.”

Section 2. Section 53-3-109, MCA, is amended to read:

**“53-3-109. Definitions.** For the purposes of this chapter, the following definitions apply:

- (1) "Able-bodied" means the condition of a person who is not infirm.
- (2) "Basic necessities" means food, shelter, utilities, and personal needs.
- (3) "Department" means the department of social and rehabilitation services provided for in Title 2, chapter 15, part 22.
- (4) "General relief" means, in accordance with this chapter, a program of public assistance for basic necessities and medical needs to those persons determined to be eligible for that assistance.
- (5) "Household" means all persons who by choice, necessity, or legal relationship are mutually dependent upon each other for basic necessities and who reside in the same residence.
- (6) "Income" means the value of all property of any nature, earned, unearned, or in-kind, including benefits reasonably certain to be received by or available to a household during the month of the receipt of the income.
- (7) "Indigent" or "misfortunate" means a person who is lacking the means, financial or otherwise, by which to prevent destitution for himself and others dependent upon him for basic necessities and who is otherwise eligible for assistance under this chapter. Except as provided otherwise in 53-3-205 and 53-3-209, the terms do not include able-bodied persons unless they have dependent minor children living in the household.
- (8) "Infirm" means the condition of a person who is diagnosed by a licensed medical practitioner and confirmed by an expert medical review to have a physical or mental handicap that significantly impairs the person's ability to be employed.
- (9) "Lump-sum income" means a nonrecurring source of income received in a single payment by a household during any eligibility period, including but not limited to proceeds from a lawsuit, insurance settlement, inheritance, lump-sum retirement, veterans' or unemployment benefits; benefits received under the federal Social Security Act; prizes; and tax refunds.

- (12) "Serious medical condition" means a physical condition that causes a serious health risk to a person and for which treatment is medically necessary, including pregnancy. Diagnosis and determination of necessary treatment must be made by a licensed medical practitioner, and the department may confirm it through an expert medical review. Necessary treatment includes prenatal care and such other elective treatments as determined by department rule to be medically necessary."

Section 3. Section 53-3-205, MCA, is amended to read:

**"53-3-205. Eligibility for general relief.** (1) A person or persons constituting a household may receive general relief assistance for basic

necessities if the household is determined to be eligible under the provisions of this section and is in need of such assistance as a result of their infirmity, misfortune, or indigency.

(2) A household is eligible for general relief if the household income does not exceed that set forth in the following table:

| Number of Persons<br>in Household | Monthly Income Standard |
|-----------------------------------|-------------------------|
| 1                                 | \$212                   |
| 2                                 | 282                     |
| 3                                 | 354                     |
| 4                                 | 426                     |
| 5                                 | 501                     |
| 6                                 | 570                     |
| 7                                 | 642                     |
| 8                                 | 713                     |
| 9                                 | 785                     |
| 10 or more                        | 857                     |

(3) Able-bodied persons without dependent minor children living in the household are not eligible for nonmedical general relief assistance, *except as provided in 53-3-209*.

(4) (a) When the household's income exceeds the monthly income standard for a household of that size because of receipt of lump-sum income, the household will be ineligible for general relief for the full number of months, beginning with the month of receipt, derived by dividing the total of the lump-sum income and other income by the monthly income standard for a household of that size. Any income remaining from this calculation will be considered as income in the first month following the period of ineligibility.

(b) The period of ineligibility may be recalculated if the household size changes or if a portion of the lump sum was used to pay medical bills for a serious medical condition.

(c) Ineligibility due to the receipt of a lump sum does not preclude eligibility for general relief medical assistance.

(5) All applicants for and recipients of general relief assistance who reside in the same residence are considered as one household.

(6) Prospective income that is reasonably certain to be received by the household during an eligibility period must be considered when determining eligibility.

(7) The following resources of a household must be excluded from consideration of resources for eligibility purposes:

(a) the domicile of the household, including necessary appurtenant land not exceeding 10 acres;

(b) a motor vehicle that has no more than \$1,500 in equity value;

(c) personal items, clothing, household furniture, appliances, and other essential household items, the total equity value of which does not exceed resource eligibility limits established by rule; and

(d) tools of a trade that are essential to the current or future employment of a household member.

(8) A person who is committed or sentenced by legal process to a state institution or a secure facility or who is incarcerated in a secure facility pending resolution of legal process is not eligible for general relief.

(9) A person who resides for a period of 1 day or more in any state or federally operated institution or residence is not eligible for general relief for the period of that residency.

(10) For the purposes of an eligibility determination, an applicant for or recipient of general relief may be requested to produce all financial and other information concerning the household.

(11) Whenever practical, an eligibility determination must be made within 30 days of the date of application and the applicant must be notified in writing of the eligibility determination and the reasons for the determination.

(12) An alien determined to be illegally within the United States is not eligible for general relief."

Section 4. Section 53-3-206, MCA, is amended to read:

**"53-3-206. Eligibility for general relief medical assistance.** (1) In order to be considered for eligibility for general relief medical assistance, a person must be found to have a serious medical condition.

(2) Eligibility for general relief medical assistance must be determined as provided in this section and 53-3-205. A person with a serious medical condition must apply for general relief medical assistance prior to the provision of medical services or within 90 days of the date the medical service is first provided. Eligibility is determined as of the date medical service is first provided.

(3) All persons who reside in the same residence and are legally related to or responsible for each other are considered to be one household for purposes of determining general relief medical assistance.

(4) All individual or household resources must be used to offset medical obligations except those excluded in 53-3-205(7).

(5) To determine eligibility for county general relief medical assistance, a county welfare board may promulgate rules to establish the circumstances under which persons are unable to pay for their medical aid and hospitalization. However, no household with an income exceeding 300% of the amount set forth in 53-3-205(2) is eligible for such medical assistance.

(6) In a county with state-assumed welfare services:

(a) covered medical services must be provided at no cost to the person residing in a household if the average household monthly income that is

reasonably certain to be received in a 12-month period beginning with the month the medical service was provided does not exceed the amount in 53-3-205(2);

(b) a person is not eligible for medical services if the household in which he resides has an average monthly income reasonably certain to be received in a 12-month period beginning with the month the medical service was provided in excess of that set forth in the following table:

| Family Size | Monthly<br>Income Level |
|-------------|-------------------------|
| 1           | \$ 287                  |
| 2           | 433                     |
| 3           | 526                     |
| 4           | 618                     |
| 5           | 714                     |
| 6           | 804                     |
| 7           | 896                     |
| 8           | 988                     |
| 9           | 1,081                   |
| 10          | 1,173                   |
| 11          | 1,194                   |
| 12          | 1,215                   |
| 13          | 1,236                   |
| 14          | 1,256                   |
| 15          | 1,277                   |
| 16 or more  | 1,298                   |

(c) if the average household monthly income reasonably certain to be received in a 12-month period beginning with the month the medical service was provided is between the amount in 53-3-205(2) and the monthly income level set forth in subsection (b), a household must first incur covered medical costs equal to the difference between its average monthly income and the monthly income *standard* in 53-3-205(2) before medical assistance is provided."

Section 5. Section 53-3-209, MCA, is amended to read:

**"53-3-209. Period of eligibility.** (1) The period of eligibility for receipt of general relief for basic necessities is 1 month, except as provided in subsections (2) and (3). A person may seek to establish eligibility for the succeeding month prior to the end of the current month of eligibility.

(2) Able-bodied persons without dependent minor children living in the household are eligible for no more than 2 months of nonmedical general relief assistance within any 12-month period, except that assistance received prior to *November 1, 1986*, shall not be counted.

(3) Eligibility for general relief medical assistance terminates when the serious medical condition of the person has been treated.

(4) The period of eligibility for any type of general assistance terminates at any time the county welfare board or the department determines that the household:

- (a) no longer meets the applicable eligibility requirements; or
- (b) received general relief by means of fraud or mistake.”

**Section 6. Extension of authority.** Any existing authority of the department of social and rehabilitation services to make rules on the subject of the provisions of this act is extended to the provisions of this act.

**Section 7. Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

[HB 11]

AN ACT ALLOWING COUNTY COMMISSIONERS TO SET THEIR AND ALL OTHER COUNTY OFFICIALS' SALARIES UNIFORMLY AT THE PRIOR FISCAL YEAR LEVEL; AMENDING SECTIONS 3-10-207, 7-4-2107, 7-4-2502 THROUGH 7-4-2504, AND 7-4-2510, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 3-10-207, MCA, is amended to read:

**"3-10-207. Salaries.** (1) The board of county commissioners shall set salaries for justices of the peace by resolution *and may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in 7-4-2504(1), set their salaries at the prior fiscal year level if that does not result in a reduction in salary.* Salaries must meet the minimum requirements established by this section.

(2) If the salary of the justice of the peace was determined on a fee basis for the years 1971 and 1972, he shall receive a monthly salary of not less than one-eighteenth of the total fees, civil and criminal, collected by the justice or his predecessor in office during the 2 years 1971 and 1972.

(3) If the salary of the justice of the peace was determined on a nonfee basis for the years 1971 and 1972, the justice shall be paid not less than the highest salary earned by the justice or his predecessor for the years 1971 and 1972.

(4) The salary of the justice of the peace may not be less than the salary for the district clerk of the court in that county, except as provided for in *subsections (1) and (5).*

(2) Each member of the board in all other counties is entitled to a salary for each day in which he is actually and necessarily engaged in the performance of board duties as set by resolution of the board. For the fiscal year beginning July 1, 1985, the salary is \$60 a day. Thereafter, on or before July 1 of each year, the county commission shall fix a cost-of-living adjusted daily salary by adding to the amount of \$60 an increment calculated as provided in 7-4-2504, *but the county commissioners may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in 7-4-2504(1), set their salaries at the prior fiscal year level if that level is lower than the level required by this subsection.*

(2) (a) The salaries of the county attorney and deputy county attorneys authorized by 7-4-2703 are payable monthly, with the salaries of the county attorney and no more than two deputies payable one-half from the general fund of the county and the other one-half from the state treasury upon the warrant of the state auditor. In case of a vacancy, the county commissioners shall immediately notify the state auditor, and the auditor shall compute the salary due on the basis of the notification.

(3) The board has jurisdiction and power, under such limitations and restrictions as are prescribed by law, to fix the compensation of all county

officers not otherwise fixed by law and to provide for the payment of the same and may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in 7-4-2504(1), set their salaries at the prior fiscal year level."

Section 4. Section 7-4-2503, MCA, is amended to read:

(a) \$14,000 for the counties of the first through fifth class to the population increment of \$10 for each 100 persons or major fraction thereof included in the county's population as determined by the 1980 federal decennial census; or

(b) \$12,000 for counties of the sixth and seventh class to the population increment of \$20 per 100 persons or major fraction thereof in the county's population as determined by the 1980 federal decennial census.

(2) (a) An elected county superintendent of schools shall receive, in addition to the salary based upon subsection (1), the sum of \$400 per year, except that an elected county superintendent of schools who holds a master of arts degree or a master's degree in education, with an endorsement in school administration, from a unit of the Montana university system or an equivalent institution may, at the discretion of the county commissioners, receive, in addition to the salary based upon subsection (1), up to \$2,000 per year.

(b) The county sheriff shall receive, in addition to the salary based upon subsection (1), the sum of \$2,000 per year.

(3) (a) In each county with a population in excess of 30,000, the county attorney shall be a full-time official under 7-4-2704, and his salary for the fiscal year beginning July 1, 1981, shall be \$36,500. In counties with a population less than 30,000, the county attorney who is a part-time official for a county of the first, second, or third class is entitled to receive an annual salary equal to 60% of the annual salary of a full-time county attorney. A county attorney who is a part-time official for a county of the fourth, fifth, sixth, or seventh class is entitled to receive an annual salary equal to 50% of the annual salary of a full-time county attorney.

(b) In those counties where the office of the county attorney has been established as a full-time position pursuant to 7-4-2706, the salary of the county attorney for the fiscal year beginning July 1, 1981, shall be \$36,500.

(c) Beginning on July 1, 1982, and on July 1 of each succeeding year, each county attorney shall be entitled to an increase in salary calculated by adding to his annual salary on July 1, 1981, an increment of 70% of the last previous calendar year's consumer price index for all urban consumers, U.S. department of labor, bureau of labor statistics, or other index that the

bureau of business and economic research of the university of Montana may in the future recognize as the successor to that index. *However, the county commissioners may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in 7-4-2504(1), set the salary at the prior fiscal year level if that level is lower than the level required by this subsection (3)(c).* The cost-of-living increment for the fiscal year beginning July 1, 1983, and for each subsequent fiscal year shall be added to all cost-of-living increments granted for previous years *unless salaries were set for the fiscal year at the level of salaries received in the prior fiscal year. In such case the cost-of-living increment that would have been received for such fiscal year, computed on the prior fiscal year, may not be added to previous increments.*

(d) (i) After completing 4 years of service as deputy county attorney, each deputy county attorney is entitled to an increase in salary of \$1,000 on the anniversary date of his employment as deputy county attorney. After completing 5 years of service as deputy county attorney, each deputy county attorney is entitled to an additional increase in salary of \$1,500 on the anniversary date of his employment. After completing 6 years of service as deputy county attorney and for each year of service thereafter up to completion of the 11th year of service, each deputy county attorney is entitled to an additional annual increase in salary of \$500.

(ii) The years of service as a deputy county attorney accumulated prior to July 1, 1985, must be included in the calculation of the longevity increase, *but years of service during any year in which the salary was set at the level of the salary of the prior fiscal year may not be included in any calculation of longevity increases.*

(4) For each 10th year after the fiscal year beginning July 1, 1981, the latest federal decennial census statistics shall be the basis for computation of population increments under this section. During the intervening 9 years, the computation of population increments applicable on July 1 of each year shall be based on the last calendar year's annual estimates of counties' populations compiled by the federal-state cooperative program for estimates of the university of Montana bureau of business and economic research and the U.S. bureau of the census or other estimate that the bureau of business and economic research may certify."

Section 5. Section 7-4-2504, MCA, is amended to read:

**"7-4-2504. Salaries to be fixed by resolution — cost-of-living increments.** (1) The county governing body shall by resolution, on or before July 1, 1982, and on or before July 1 of each year thereafter adjust and uniformly fix the salaries of the county treasurer, county clerk, county assessor, county school superintendent, county sheriff, and the clerk of the district court; the county auditor (if there is one); and the county surveyor (if he receives a salary) for cost-of-living increase by adding to the annual salary computed under 7-4-2503 an increment calculated by applying to the annual salary established by 7-4-2503(1) plus previous cost-of-living increments, 70% of the last previous calendar year's consumer price index for all urban consumers, U.S. department of labor, bureau of labor statistics, or other index that the bureau of business and economic research of the university of Montana may in the future recognize as the successor to that index. *The county governing body may, however, for all or the remainder*

*of each fiscal year, in conjunction with setting salaries for the same action on the salaries of justices of the peace (if applicable), the county governing body, county attorney, and coroner, set the salary at the prior fiscal year level if that level is lower than the level required by this subsection. The cost-of-living increment for the fiscal year beginning July 1, 1983, and for each subsequent fiscal year shall be added to all cost-of-living increments granted for previous years unless salaries were set for the fiscal year at the level of salaries received in the prior fiscal year. In such case the cost-of-living increment that would have been received for such fiscal year, computed on the prior fiscal year, may not be added to previous increments.*

(2) If the application of 7-4-2503 does not qualify a county official for a salary increase of at least 7% on July 1, 1981, his salary on that date shall be increased by an amount sufficient to provide him total salary equal to 7% more than during the previous year.

(3) The county governing body shall by resolution, prior to July 1 of each year, establish the salary of the coroner and may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in subsection (1), set the salary at the prior fiscal year level. The salary must be in effect upon the first day of each ensuing fiscal year."

Sheriff's department — longevity payments.** Beginning on the date of his first anniversary of employment with the department and adjusted annually, a deputy sheriff or undersheriff is entitled to receive a longevity payment amounting to 1% of the minimum base annual salary for each year of service with the department, *but years of service during any year in which the salary was set at the same level as the salary of the prior fiscal year may not be included in any calculation of longevity increases.* This payment shall be made in equal monthly installments."

WHEREAS, it is the desire of the State of Montana to provide effective treatment for appropriate seriously mentally ill adolescents in inpatient hospital settings; and

WHEREAS, the State of Montana desires to sell the Montana Youth Treatment Center to a private health care provider specializing in adolescent psychiatric treatment; and

WHEREAS, there are many nationally known groups that have shown interest in the purchase of the Montana Youth Treatment Center and all such groups should have a chance to submit a proposal to purchase.

THEREFORE, when an appropriate buyer can be found to offer quality care for Montana youth, the State of Montana will discontinue the state operation of the Montana Youth Treatment Center and hereby authorizes the Board of Land Commissioners to sell the facility as provided in this act.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Authority to discontinue operation.** Pursuant to 53-1-202, the legislature authorizes the department of institutions to discontinue operation of the Montana youth treatment center located in Billings, Montana.

**Section 2. Sale of youth treatment center.** (1) The board of land commissioners is authorized to sell the Montana youth treatment center to a private health care provider who has documented experience in providing specialized adolescent psychiatric treatment that includes an educational component. The sale is made pursuant to 77-2-302, except that the 60-day public notice requirement of that section is waived.

(2) The department of institutions shall advertise the proposed sale in at least one nationally distributed trade publication and shall notify in writing those health care providers that could potentially meet the conditions of the proposed sale. Interested parties must be allowed 60 days to submit proposals for purchase from the date the advertisement is published. Each proposal must contain an agreement to purchase the facility for cash at a sale price of no less than the appraised value of \$3,275,000, plus reimbursement of \$103,000 to the state for a prepaid special improvement district assessment.

(3) To protect and indemnify the state against failure or refusal of a prospective purchaser to consummate the sale, each proposal must be accompanied by security in the amount of 2% of the appraised value contained in subsection (2). The security shall consist of cash, cashier's check, certified check, bank money order, or bank draft, in any case drawn on a bank located in the state of Montana, or a bond or bonds executed by a surety authorized to do business in the state of Montana. If a prospective purchaser fails or refuses to consummate the sale, the security is forfeited to the state and must be deposited in the general fund. The security must be returned to a prospective purchaser whose proposal is not accepted by the state.

(4) (a) A committee shall review the proposals for purchase and recommend a purchaser to the board of land commissioners after meeting and discussing the factors set forth in subsection (4)(b). The review committee

must make such a recommendation within 60 days after close of advertising set forth in [section 2]. The committee is comprised of:

(i) the director of the department of institutions, who shall chair the committee;

(ii) the directors of the departments of health and environmental sciences and social and rehabilitation services;

(iii) two members of the senate, one from each party, to be appointed by the committee on committees, one of whom must represent a district in Yellowstone County and the other from a district representing a different county;

(iv) two members of the house of representatives, one from each party, appointed by the speaker in consultation with the republican leader of the house, one of whom must represent a district in Yellowstone County and the other from a district representing a different county;

(v) a representative of the mental health care community from Yellowstone County, appointed by the governor; and

(vi) a representative, appointed by the governor, from an organization representing mental health centers.

(b) The review committee shall consider:

(i) various proposals for purchase;

(ii) conditions of the sale of the Montana youth treatment center, including the quality of care to be provided, continued state responsibilities, treatment costs, accreditation standards, contractual relationships with the state and other governmental entities and the terms of those contracts, and other matters pertaining to the administration of the Montana youth treatment center; and

(iii) other matters relating to the sale and subsequent services and costs of a privately operated facility.

(c) The review committee may not show any partiality or favoritism in making its decision.

(5) Any sale of furnishings and movable equipment is in addition to the amounts stated for the land and facility.

(6) Proceeds of the sale must be deposited in the general fund.

**Section 3. Exempt from certificate of need review.** The sale of the Montana youth treatment center and subsequent transfer of ownership to a private health care provider is exempt from the certificate of need review provisions of Title 50, chapter 5, part 3. The review provided for in [section 2] and the need to expedite transfer of the facility to prevent deterioration of staff morale and quality of care provided justify the exemption of the sale and transfer of the Montana youth treatment center from the certificate of need review provision of Title 50, chapter 5, part 3.

**Section 4. Treatment of mentally ill youth.** The operation of the Montana youth treatment center by the buyer is subject to the laws of

Montana, including the provisions of Title 53, chapter 21, regarding the treatment of mentally ill youth, and the provisions of the Montana Youth Court Act, Title 41, chapter 5.

**Section 5. Conditions of sale.** The sale of the Montana youth treatment center is subject to the following conditions:

(1) The buyer shall agree that as long as it holds title to the Montana youth treatment center it will accept those youth who are committed to the facility by the district courts pursuant to the Montana Youth Court Act, Title 41, chapter 5, and Title 53, chapter 21. The buyer shall agree to make available a minimum of 40 beds for treatment of such youth. The buyer or any subsequent transferee shall keep reasonable documentation of compliance with this condition. Failure to comply with the provisions of this section may result in the loss of hospital licensure.

(2) The buyer shall agree to maintain a license as a psychiatric hospital pursuant to Title 50, chapter 5, part 2, and to operate the facility as defined in 53-21-102(6) as a mental health treatment facility. The buyer shall also agree to comply with state requirements relating to review and recommendations by the mental disabilities board of visitors.

(3) The buyer shall enter a written contract with the board of land commissioners providing that the buyer will bind by written agreement any purchaser or successor to its interest by transfer of the property to the conditions contained in [this act]. The board of land commissioners may make an exception to these conditions in any subsequent sale or transfer.

(4) If the buyer of the facility proposes to sell the facility at any time, the state of Montana has the first option to repurchase the facility and land at its appraised value at the time of such sale. The buyer and the state shall each commission an appraisal by a qualified appraiser at the time of sale. The appraised value is the average of the two appraisals.

(5) The buyer shall demonstrate that it is able to meet, at the time it proposes to purchase, the standards of the joint commission on accreditation of hospitals for adolescent psychiatric facilities and the certification standards of the health care financing administration of the United States department of health and human services for inpatient psychiatric services for individuals under age 21. The buyer shall demonstrate successful participation in the early survey option program of the joint commission on accreditation of hospitals.

(6) The buyer shall provide services to medicaid-eligible and indigent patients and shall receive no per diem reimbursement from the department of institutions for services provided to youth ordered to the facility by the courts. Such services become the financial responsibility of the buyer, who may bill medicaid or private insurers when appropriate.

(7) The buyer shall accept emergency psychiatric admissions pursuant to 53-21-129 regardless of ability to pay and subject only to its licensure limitations.

(8) The buyer shall accept applications of all Montana youth treatment center employees who desire to continue employment with the purchaser.

Among the substantially qualified applicants, present employees of the Montana youth treatment center must be given preference in hiring by the purchaser.

(9) Montana youth treatment center employees who wish to remain state employees shall be provided relocation assistance of up to \$1,000 and any training necessary to qualify for similar vacant positions within the department of institutions.

(3) If the court finds that placement in a youth care facility other than a youth group home or youth foster home is necessary and in the best interests of the youth and the community, the court shall determine if the youth can receive appropriate treatment in a youth care facility located in Montana as follows:

(a) If the court finds the youth can receive appropriate treatment in a youth care facility located in Montana that will accept the youth, the court may not place the youth in a youth care facility located outside this state unless an out-of-state facility can provide appropriate treatment that:

(i) can be obtained at a cost less than that offered by any available facility in this state; and

(ii) is available in closer proximity to the youth's place of residence than any facility located in this state.

(b) When the department of social and rehabilitation services is ordered to pay the costs of caring for the child in a youth care facility other than a youth foster home or youth group home, the court shall provide the department with at least 5 days' written notice and opportunity to be heard before ordering the placement of the youth.

- (c) place the youth in a private agency responsible for the care and rehabilitation of such a youth;
- (d) transfer legal custody to the department of institutions; provided, however, that in the case of a youth in need of supervision, such transfer of custody does not authorize the department of institutions to place the youth in a state youth correctional facility and such custody may not continue for a period of more than 6 months without a subsequent court order after notice and hearing;
- (e) such further care and treatment or evaluation that the court considers beneficial to the youth; or

(f) order restitution by the youth.

(2) At any time after the youth has been taken into custody, the court may, with the consent of the youth in the manner provided in 41-5-303 for consent by a youth to waiver of his constitutional rights or after the youth has been adjudicated delinquent or in need of supervision, order the youth to be evaluated by the department of institutions for a period not to exceed 45 days of evaluation at a reception and evaluation center for youths.

(3) No evaluation of a youth may be performed at the Montana state hospital unless such youth is transferred to the district court under 41-5-206.

(4) If the court finds that placement in a youth care facility other than a youth group home or youth foster home is necessary and in the best interests of the youth and the community, the court shall determine if the youth can receive appropriate treatment in a youth care facility located in Montana as follows:

(a) If the court finds the youth can receive appropriate treatment in a youth care facility located in Montana that will accept the youth, the court may not place the youth in a youth care facility located outside this state unless an out-of-state facility can provide appropriate treatment that:

(i) can be obtained at a cost less than that offered by any available facility in this state; and

## CHAPTER NO. 26

[HB 44]

AN ACT REVISING THE PROCEDURES FOR THE PAYMENT OF A MONTANA TAX OR LICENSE FEE UNDER PROTEST; REVISING THE PROCEDURES FOR THE FIXING OF TAX LEVIES AS AFFECTED BY TAX PROTESTS; AMENDING SECTIONS 7-6-2321, 7-6-4232, 7-6-4453, 15-1-402, 15-10-202, AND 20-9-142, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 15-1-402, MCA, is amended to read:

**"15-1-402. Payment of taxes under protest — action to recover.** (1) The person upon whom a tax or license fee is being imposed

may proceed under 15-1-406 or may, before the tax or license fee becomes delinquent, pay under written protest that portion of the tax or license fee protested. The payment must:

- (a) be made to the officer designated and authorized to collect it;
- (b) specify the grounds of protest; and
- (c) *not exceed the difference between the payment for the immediately preceding tax year and the amount owing in the tax year protested unless a different amount results from the specified grounds of protest, which grounds may include but are not limited to changes in assessment due to reappraisal under 15-7-111.*

(2) After having exhausted the administrative appeals available under Title 15, chapters 2 and 15, a person or his legal representative may bring an action in any court of competent jurisdiction against the officers to whom said tax or license fee was paid or against the county or municipality in whose behalf the same was collected and the department of revenue.

(3) Both the officers to whom the tax or license fee was paid or the county or municipality in whose behalf the same was collected and the department of revenue must be served with timely summons and complaint within the time prescribed.

(4) Any action instituted to recover any such portions of tax or license fee paid under protest shall be commenced and summons timely served within 60 days after the date of the final decision of the state tax appeal board.

(5) When any protested tax or license fee is payable in installments, then any subsequent installment portion considered unlawful by the state tax appeal board need not be paid and no action or suit need be commenced to recover the same, but the determination of the action or suit commenced to recover the first installment portion paid under protest shall determine the right of the party paying such subsequent installment to have the same or any part thereof refunded to him or the right of the taxing authority to collect a subsequent installment not paid by the taxpayer plus interest from the date the subsequent installment was due.

(6) All portions of taxes and license fees paid under protest to a county or municipality shall be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as a protest fund and shall be retained in such protest fund until the final determination of any action or suit to recover the same *unless released at the request of the county, municipality, or other local taxing jurisdiction pursuant to subsection (7).* Nothing contained herein prohibits the investment of the money of this fund in the state unified investment program *or in any manner provided in Title 7, chapter 6.* The provision creating the special protest fund does not apply to any payments made under protest directly to the state.

(7) *The governing board of a taxing jurisdiction affected by the payment of taxes under protest in the second and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest*

*payments to which it is entitled, except the amount paid by the taxpayer in the first year of the protest. The decision in a previous year of a taxing jurisdiction to leave protested taxes in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled, except the first-year protest amount.*

(8) (a) If no action is commenced within the time herein specified or if such action is commenced and finally determined in favor of the county or municipality or treasurer thereof, the amount of the protested portions of the tax or license fee shall be taken from the protest fund and deposited to the credit of the fund or funds to which the same property belongs, *less a pro rata deduction for the costs of administration of the protest fund and related expenses charged the local government units.*

(b) If such action is finally determined adversely to a county or municipality or the treasurer thereof, then the treasurer shall, upon receiving a certified copy of the final judgment in said action from the state tax appeal board, or from the district or supreme court, as appropriate, if the final action of the state tax appeal board is appealed in the time prescribed, refund to the person in whose favor such judgment is rendered the amount of such protested portions of the tax or license fee *deposited in the protest fund, and not released pursuant to subsection (7), as the person holding such judgment is entitled to recover, together with interest thereon at the rate of 6% a year from the date of payment under protest. If the amount retained in the protest fund is insufficient to pay all sums due the taxpayer, the treasurer shall apply the available amount first to tax repayment, then interest owed, and lastly to costs.*

(c) *If the protest action is decided adversely to a taxing jurisdiction and the amount retained in the protest fund is insufficient to refund the tax payments, interest, and costs to which the taxpayer is entitled and for which local government units are responsible, the treasurer shall bill and the taxing jurisdiction shall refund to the treasurer that portion of the taxpayer refund, including tax payments, interest, and costs, for which the taxing jurisdiction is proratably responsible.*

(d) *In satisfying the requirements of subsection (8)(c), the taxing jurisdiction is allowed not more than 1 year from the beginning of the fiscal year following a final resolution of the protest. The taxpayer is entitled to interest on the unpaid balance at the rate of 6% a year from the date of payment under protest until the date of final resolution of the protest and at the combined rate of the federal reserve discount rate quoted from the federal reserve bank in New York, New York, on the date of final resolution, plus four percentage points, from the date of final resolution of the protest until refund is made.*

(9) *A taxing jurisdiction may satisfy the requirements of this section by use of funds from one or more of the following sources:*

(a) *imposition of a property tax to be collected by a special tax protest refund levy;*

(b) *the general fund, except that amount generated by the all-purpose mill levy, or any other funds legally available to the governing body; and*

*(c) proceeds from the sale of bonds issued by a county, city, or school district for the purpose of deriving revenue for the repayment of tax protests lost by the taxing jurisdiction. The governing body of a county, city, or school district is hereby authorized to issue such bonds pursuant to procedures established by law. Property taxes may be levied to amortize such bonds, provided the levy for payment of any such bonds may not exceed, in the aggregate, 10 mills annually."*

Section 2. Section 7-6-4453, MCA, is amended to read:

**"7-6-4453. Certain special mill levies also available.** (1) The all-purpose mill levy shall not and may not include the levies imposed for bonded indebtedness, to pay judgments or *tax protest refunds*, or for special improvement district revolving funds of municipalities, which levies may be made in addition to the all-purpose levy, as provided in subsection (2). Sections 7-6-4451 through 7-6-4455 shall not be construed as repealing those statutes providing for multiple separate levies.

(2) Extraordinary levies otherwise authorized to pay for bonded indebtedness, judgments, *tax protest refunds*, or special improvement district revolving funds may be made by such municipalities in addition to such all-purpose levy provided for in 7-6-4451 through 7-6-4455.

(3) In a third-class city or town, the all-purpose mill levy may not include the special tax levy for the firefighters' disability and pension fund provided for in 19-11-503. This special tax levy must be made in addition to the all-purpose mill levy."

Section 3. Section 7-6-2321, MCA, is amended to read:

**"7-6-2321. Fixing of tax levy.** (1) On the second Monday in August and after the approval and adoption of the final budget, the board of county commissioners shall fix the tax levy for each fund at a rate which will raise the amount set out in the budget as the amount necessary to be raised by tax levy for the fund during the current fiscal year. *The taxable valuation of the county for the current fiscal year shall be the basis for determining the amount of the tax levy for each fund. Each tax levy shall be at a rate no higher than is required on that basis, without including any amount for anticipated tax delinquency, to produce the amount set out in the budget, without including any amount for anticipated tax delinquency, as being the amount to be raised by tax levy.*

(2) The tax levy shall be made in the manner provided by 15-10-201."

Section 4. Section 7-6-4232, MCA, is amended to read:

**"7-6-4232. Fixing of tax levy.** (1) On the second Monday in August and after the approval and adoption of the final budget, the council shall fix the tax levy for each fund at a rate, not exceeding limits prescribed by law, which will raise the amount set out in the budget as the amount necessary to be raised by tax levy for that fund during the current fiscal year. *The taxable valuation of the city for the current fiscal year shall be the basis for determining the amount of the tax levy for each fund, and each tax levy shall be at a rate no higher than is required on that basis, without*

including any amount for anticipated tax delinquency, to raise the amount set out in the budget.

(2) If the council considers that a levy made for a bond sinking or interest fund will not provide a sufficient amount to pay all bond principal and interest becoming due during the current fiscal year or within 6 months after the current fiscal year because of anticipated tax delinquency, the council may fix the levy at a rate it considers necessary to raise the amount for making the payments of principal and interest over and above the anticipated tax delinquency.

(3) Each levy shall be made in the manner provided by 15-10-201."

Section 5. Section 15-10-202, MCA, is amended to read:

**"15-10-202. Certification of taxable values and millage rates.** At the time that the assessment roll is prepared and published, the department of revenue shall certify to each taxing authority the taxable value within the jurisdiction of the taxing authority. The department shall also send to each taxing authority a written statement of its best estimate of the total assessed value of all new construction and improvements not included on the previous assessment roll and the value of deletions from the previous assessment roll. Exclusive of such new construction, improvements, and deletions, the department shall certify to each taxing authority a millage rate which will provide the same ad valorem revenue for each taxing authority as was levied during the prior year. For the purpose of calculating the certified millage, the department shall use 95% of the taxable value appearing on the roll, exclusive of properties appearing for the first time on the assessment roll."

Section 6. Section 20-9-142, MCA, is amended to read:

**"20-9-142. Fixing and levying taxes by board of county commissioners.** On the second Monday in August, the county superintendent shall place before the board of county commissioners the final adopted budget of the district and any emergency budget adopted by the district during the previous school fiscal year. Section 7. **Extension of authority.** Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act.

Section 8. **Effective date — applicability.** This act is effective on passage and approval and applies to any appeal or tax paid under protest on or after the effective date of this act.

WHEREAS, the Department of Revenue should carry the burden of substantiating exceptional increases in assessments made under section 15-7-111, MCA, before placement on assessment books; and

WHEREAS, each property taxpayer in the state should be properly notified regarding the classification and value of the taxpayer's property for property tax purposes; and

WHEREAS, the lack of a standardized property tax classification and appraisal notice results in a variety of notices being sent by the counties with a wide range in the clarity of the notices; and

WHEREAS, incomplete or incomprehensible tax classification and appraisal notices create much confusion and misunderstanding regarding the property tax system and, in particular, the property revaluation process as implemented in the 1986 tax year.

THEREFORE, the Legislature of the State of Montana finds it appropriate to direct the Department of Revenue to submit assessments made under section 15-7-111, MCA, with exceptional increases for review by the county tax appeal boards before placement on assessment books, to adopt a standardized property tax classification and appraisal notice and to send such notice to taxpayers with exceptional increases in 1986 assessments, and to extend the application deadline for reduction in 1986 valuations.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Review of exceptional increases in 1986 property assessments.** Each property assessment assigned by the department to the tax rolls for the 1986 tax year must be submitted by the department to the county tax appeal board for review if the assessment exceeds the 1985 assessment by 180% or more. The board shall review such assessments in the aggregate.

Section 2. Section 15-8-112, MCA, is amended to read:

**"15-8-112. Assessments to be made on classification and appraisal.** (1) The assessments of all lands, city and town lots, and all improvements must be made on the classification and appraisal as made or caused to be made by the department of revenue.

(2) The percentage basis of assessed value as provided for in chapter 6, part 1, is determined and assigned by the department when it makes its annual assessment of the property which it is required to assess centrally under the laws of this state. The department shall transmit such determination and assignment to its agents in the various counties with the assessments so made, and, *except as provided in [section 1],* its determination is final except as to the right of review in the state tax appeal board or the proper court."

Section 3. Section 15-7-102, MCA, is amended to read:

**"15-7-102. Notice of classification and appraisal to owners — appeals.** (1) It shall be the duty of the department of revenue to cause to be mailed to each owner and purchaser under contract for deed a notice of the classification of the land owned or being purchased by him and the appraisal of the improvements thereon only if one or more of the following changes pertaining to the land or improvements have been made since the last notice:

- (a) change in ownership;
- (b) change in classification;
- (c) change in valuation; or
- (d) addition or subtraction of personal property affixed to the land.

(2) *The notice of classification and appraisal provided by the department under subsection (1) must be on a standardized form adopted by the department containing sufficient information in a comprehensible manner designed to fully inform the taxpayer as to the classification and appraisal of his property and of changes over the prior tax year.*

(3) If the owner of any land and improvements is dissatisfied with the appraisal or classification of his land or improvements, he may submit his objection in writing to the department's agent. The department shall give reasonable notice to such taxpayer of the time and place of hearing and hear any testimony or other evidence which the taxpayer may desire to produce at such time and afford the opportunity to other interested persons to produce evidence at such hearing. Thereafter, the department shall determine the true and correct appraisal and classification of such land or improvements and forthwith notify the taxpayer of its determination. In the notification, the department must state its reasons for revising the classification or appraisal. When so determined, the land shall be classified and improvements appraised in the manner ordered by the department.

(4) Whether a hearing as provided in subsection (3) is held or not, the department or its agent may not adjust an appraisal or classification upon taxpayer's objection unless:

- (a) the taxpayer has submitted his objection in writing; and
- (b) the department or its agent has stated its reason in writing for making the adjustment.

(5) A taxpayer's written objection to a classification or appraisal and the department's notification to the taxpayer of its determination and the reason for that determination are public records. Each county appraiser shall make such records available for inspection during regular office hours.

(6) If any property owner shall feel aggrieved at the classification and/or the appraisal so made by the department, he shall have the right to appeal to the county tax appeal board and then to the state tax appeal board, whose findings shall be final subject to the right of review in the proper court or courts."

**Section 4. Renotification to taxpayers with exceptional increases in 1986 assessments.** The department of revenue shall send a revised standard property tax classification and appraisal notice as described in 15-7-102 to each property taxpayer whose 1986 assessment on class four property increased as a result of reappraisal of class four property by 180% or more when compared with his 1985 assessment.

Section 7. **Effective date — applicability.** This act is effective on passage and approval and applies to tax year 1986.

(2) The remaining one-half is distributed according to the following formula where CMV = average mill value per capita of all counties; IMV = individual county mill value per capita; ICP = individual county population; CG =  $\frac{1}{2}$  total county grant:

$$\frac{\text{CMV}}{\text{IMV}} \times \text{ICP} = \text{county tax base factor (TBF)}$$

$$\text{CG} \times \frac{\text{individual county TBF}}{\text{sum of all county TBFs}} = \frac{1}{2} \text{ individual county share}"$$

Section 6. Section 7-6-309, MCA, is amended to read:

**"7-6-309. Disposition and use of funds.** Disbursements from the local government block grant account shall be made as follows:

(a) \$3 million dollars; or

(b) one-half of the total general fund appropriation to the account for the biennium ending June 30, 1985.

(4) On June 30, 1985, and June 30 of each succeeding year, all funds remaining in the account must be distributed.

## CHAPTER NO. 31

[HB 40]

AN ACT TO IDENTIFY AND CONSOLIDATE DUPLICATIVE SERVICES PROVIDED BY THE DEPARTMENTS OF SOCIAL AND REHABILITATION SERVICES, HEALTH AND ENVIRONMENTAL SCIENCES, LABOR AND INDUSTRY, AND INSTITUTIONS; TO PROVIDE FOR A SURVEY OF EMPLOYEES TO IDENTIFY DUPLICATIVE SERVICES; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Declaration of policy and purpose.** It is the public policy of this state and the purpose of [this act] to provide for the social and health needs of Montana citizens in the most direct and economical manner practicable.

**Section 2. Consolidation of services — report to legislature.** (1) Pursuant to the declaration of state policy and purpose to eliminate overlapping and duplication of effort within the executive branch of state government set forth in 2-15-101, and the policymaking authority and administrative powers of the governor enumerated in 2-15-103, the departments of social and rehabilitation services, health and environmental sciences, labor and industry, and institutions shall each identify any function or program administered by that department which is similar to or duplicates a function or program administered by another department for the purpose of consolidating overlapping services.

(2) If consolidation or elimination of a service provided by a department does not require a statutory change or involve an issue of legislative

policy, the department director shall implement the change if he considers it practicable. If consolidation or elimination of a service involves a statutory change or an issue of legislative policy, the department director, prior to taking any action to consolidate an overlapping function, shall prepare a statement for the legislature describing the duplication of such service or function and suggesting the most effective and economical way to provide the service. These statements must be included in the report required by subsection (3).

(3) On or before December 1, 1986, the department directors shall deliver to the legislative council for mailing to legislators 150 copies of a joint report:

(a) describing any function or program administered by a department that has been identified as similar to or duplicative of a function or program administered by another department;

(b) describing any consolidation or elimination of a service implemented by a department;

(c) explaining why other services identified as duplicative have not been consolidated or eliminated; and

(d) recommending any consolidation or elimination which the department directors consider practicable but which requires a statutory change or involves an issue of legislative policy.

(4) The department directors shall cooperate with one another in identifying duplicative functions, implementing consolidation of duplicative functions, and preparing the report for the legislature.

**Section 3. Survey of employees.** (1) As a means of identifying any overlapping function or program, the directors of the departments of social and rehabilitation services, health and environmental sciences, labor and industry, and institutions shall conduct a survey of their department's employees. The survey shall request that department employees:

(a) identify any duplicative functions or programs;

(b) recommend practical methods for consolidating duplicative functions or programs; and

(c) recommend methods of providing money and services more directly to department clients.

(2) The directors shall conduct these surveys using established means of intradepartmental communication so as to avoid any excessive or unnecessary cost to the departments.

(3) An employee may respond to the survey without identifying himself.

(4) An employee shall respond directly to the department director.

(5) The director of each department shall prepare a written response to each recommendation, stating whether the recommendation will be implemented by the department. If the recommendation will not be implemented, the director shall explain why it is not practicable to do so.

(6) A summary of the employee recommendations and the directors' responses must be included in the report given to the legislature on or before December 1, 1986. The original employee recommendations and directors' responses shall be open to inspection by any person at all times during office hours.

**Section 4. Effective date.** This act is effective on passage and approval.

## CHAPTER NO. 32

[HB 45]

AN ACT PROVIDING FOR FUNDING THE DEPARTMENT OF PUBLIC SERVICE REGULATION BY FEES LEVIED ON REGULATED COMPANIES; PROVIDING FOR LEGISLATIVE REVIEW AND A REPORT TO EACH LEGISLATURE; AND PROVIDING AN EFFECTIVE DATE AND A TERMINATION DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Definitions.** As used in [sections 2 through 5], the following definitions apply:

(1) "Department" means the department of public service regulation provided for in Title 2, chapter 15, part 26.

(2) "Regulated companies" means all organizations, corporations, associations, or other public or private entities which now are or may hereafter become subject to regulation in any manner by the department of public service regulation, the public service commission, or any successor agency. The term does not include motor carriers regulated pursuant to Title 69, chapter 12.

**Section 2. Funding of the department of public service regulation.** (1) There is an account in the state special revenue fund to which all fees collected under this section must be deposited and from which all appropriations to the department must be paid. An appropriation to the department may consist of a base appropriation for regular operating expenses and a contingency appropriation for expenses due to an unanticipated caseload.

(2) In addition to all other licenses, fees, and taxes imposed by law, all regulated companies shall, within 90 days after the close of each calendar quarter, pay to the department of revenue a fee based on a percentage of gross operating revenue reported pursuant to 69-1-223(2)(a), as determined by the department of revenue under [section 3].

(3) The amount of money that may be raised by the fee on the regulated companies during a fiscal year may not be increased from the amount appropriated to the department by the legislature for that fiscal year,

including both base and contingency appropriations. Any additional money required for operation of the department must be obtained from other sources in a manner authorized by the legislature.

**Section 3. Determination and collection of fee.** (1) The fee provided for in [section 2] to be paid by regulated companies must be determined in the manner set forth in 69-1-224 for determining the consumer counsel fee.

(2) The fee provided for in [section 2] may be computed and collected in the manner provided in 69-1-225 through 69-1-227.

(3) All fees paid by a regulated company pursuant to this section are immediately recoverable by the regulated company in its rates and charges. Within 30 days after the issuance by the department of revenue of notices required by 69-1-224(1) and (2), the public service commission shall by separate order authorize each regulated company to fully recover in its rates and charges, on an annual basis, the fees levied by [this act].

**Section 4. Determination of fee to be paid during fiscal year 1987.** (1) For purposes of funding the department, to compute the percentage described in 69-1-224(1)(b) for fiscal year 1987, the department of revenue shall determine the total gross operating revenue generated by all regulated activities within this state for all regulated companies during the first three quarters of fiscal year 1986, based on the information filed pursuant to 69-1-223(2)(a).

(2) The department of revenue shall then compute the percentage, subject to revision as provided in 69-1-224(3), of the amount determined in subsection (1) that will produce an amount equal to the base appropriation to the department for fiscal year 1987, except that no regulated company owned and operated by any municipal corporation within this state may be required to pay a sum in excess of 0.06 of 1% of its gross operating revenue. The fiscal year 1987 appropriation to the department must be collected through the three quarterly installments of fees collected hereunder during fiscal year 1987.

(3) The department of revenue shall by August 15, 1986, give notice by mail to each regulated company of the percentage determined under subsection (2) to be applied to the gross operating revenue reported under 69-1-223(2)(a) to determine the amount of the fee to be paid in fiscal year 1987.

(4) All fees paid by a regulated company pursuant to this section must be immediately recoverable by the regulated company in its rates and charges. Within 30 days after the issuance by the department of revenue of notices required by subsection (3), the public service commission shall by separate order authorize each regulated company to fully recover in its rates and charges, on an annual basis, the fees levied by [this act].

**Section 5. Annual review by legislative finance committee.** (1) The legislative finance committee shall annually review the department's budget and the calculations made by the department of revenue in the determination of the fee pursuant to [section 3].

(2) The legislative finance committee shall report the results of its review to each regular session of the legislature and shall include in its report any recommendations concerning the manner of funding the department.

**Section 6. Codification instruction.** Sections 1 through 3 and section 5 are intended to be codified as an integral part of Title 69, chapter 1, and the provisions of Title 69, chapter 1, apply to sections 1 through 3 and section 5.

**Section 7. Effective date — termination date.** This act is effective July 1, 1986. This act terminates July 1, 1987.

Approved July 16, 1986.

## CHAPTER NO. 33

[HB 10]

### AN ACT TRANSFERRING AND APPROPRIATING MONEY IN THE CAPITAL PROJECTS FUND TO THE LONG-RANGE BUILDING DEBT SERVICE FUND; AMENDING SECTION 17-5-422, MCA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Legislature, by Chapter 600, Laws of 1981, authorized the issuance of \$5 million principal amount long-range building program bonds to finance costs of improvements to the state capitol; and

WHEREAS, the bonds, with other long-range building program bonds for other purposes, were issued and sold in 1981; and

WHEREAS, unexpended proceeds of the bonds and investment income thereon remain in the capital projects fund for the capitol; and

WHEREAS, improvements to the capitol, to the extent presently agreed upon, have been completed or are near completion; and

WHEREAS, approximately \$5.1 million remains in the capital projects fund and is not required to pay the costs of such improvements.

*Be it enacted by the Legislature of the State of Montana:*

Section 1. Section 17-5-422, MCA, is amended to read:

**"17-5-422. Bonds for state capitol improvements.** (1) The board of examiners is authorized to issue and sell long-range building program bonds, upon the conditions and in the manner stated in this part, in the principal amount not to exceed \$5 million, for the purpose of financing costs of improvements to the state capitol. *Proceeds of the bonds and investment income thereon unexpended as of October 1, 1986, must be applied to the payment of principal and interest next due on outstanding long-range building program bonds of the state.*

(2) There is appropriated to the debt service account established pursuant to 17-5-405 from the revenues of the capitol building land grant (exclusive of income derived from investment of accumulated revenues) in each fiscal year during the term of the bonds authorized by subsection (1) an amount sufficient to pay the principal of and interest on the bonds as due and to establish and maintain required reserves therefor. The appropriation shall be reduced in each fiscal year by the amount, if any, of income received in that year from investment of the reserve attributable to the bonds. The appropriation made by this section is solely for the benefit of the state and is not enforceable by the holders of the bonds. *The appropriation terminates October 1, 1986.*"

**Section 2. Transfer of funds.** The balance of the capital renovation account within a capital projects fund, for improvements to the state capitol, is transferred from that account to the long-range building debt service fund and appropriated for the payment of principal and interest on bonds payable from that debt service fund.

**Section 3. Two-thirds vote required.** Because the bond authority contained in 17-5-422 required enactment by a two-thirds vote of each house, as mandated by Article VIII, section 8, of the Montana Constitution, the amendment provided by this bill requires a vote of two-thirds of the members of each house for passage.

**Section 4. Effective date.** This act is effective October 1, 1986.

Approved July 21, 1986.

## CHAPTER NO. 34

[HB 35]

AN ACT ESTABLISHING A NEW CLASS EIGHTEEN PROPERTY FOR NONPRODUCTIVE PATENTED MINING CLAIMS OUTSIDE THE LIMITS OF AN INCORPORATED CITY OR TOWN; VALUING THAT PROPERTY AS IT WOULD BE VALUED AS AGRICULTURAL GRAZING LAND; TAXING SUCH PROPERTY AT THE RATE GENERALLY APPLICABLE TO CLASS THREE PROPERTY; AMENDING SECTION 15-8-111, MCA; AND PROVIDING AN APPLICABILITY DATE AND AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, in 1978 mining claims were taxed at "the price paid to the United States . . ."; and

WHEREAS, in 1979 Montana law was changed to tax mining claims as any other property; and

WHEREAS, in 1985 Montana law was further changed to require proof of \$1,500 in agricultural income before a parcel of property could be classified as agricultural; and

WHEREAS, most mining claims are in mountainous, remote terrain that is unfit for agriculture; and

WHEREAS, owners of mining claims are receiving assessment notices increasing the valuation of their property as much as 600%; and

WHEREAS, mining claims were valued at a minimal amount under the philosophy that once they began producing, the owner would pay proceeds taxes; and

WHEREAS, the current revaluation will discourage production because owners will not be able to pay the taxes.

THEREFORE, the Legislature of the State of Montana finds it appropriate to create a separate class of property for mining claims and to tax them at a different tax rate.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Class eighteen property — description — taxable percentage.** (1) Class eighteen property includes all nonproductive patented mining claims outside the limits of an incorporated city or town held by an owner for the ultimate purpose of developing the mineral interests on the property. Class eighteen does not include any property that is used for residential, recreational as described in 70-16-301, or commercial as defined in 15-1-101, purposes, or if the surface is being used for other than mining purposes or has a separate and independent value for such other purposes.

(2) Improvements to class eighteen property that would not disqualify the parcel from designation as class eighteen property are taxed as otherwise provided in this title, including that portion of the land upon which such improvements are located and which is reasonably required for the use of such improvements.

(3) Class eighteen property must be valued as if such land were devoted to agricultural grazing use and is taxed at 30% of its value.

**Section 2. Application for classification as class eighteen property.** A person applying for classification of property as class eighteen property shall make an affidavit to the department of revenue, on a form provided by the department without cost, stating:

(1) the fact that the mining claim is not presently being used for mining purposes but is being held for that use;

(2) that the mineral interests of the mining claim have not been depleted; and

(3) such other information as the department may require to determine an applicant's eligibility and to determine if the surface is being used for other than mining purposes or has a separate and independent value for such other purposes.

**Section 3.** Section 15-8-111, MCA, is amended to read:

**"15-8-111. Assessment — market value standard — exceptions.** (1) All taxable property must be assessed at 100% of its market value except as provided in subsection (5) of this section and in 15-7-111 through 15-7-114.

(2) (a) Market value is the value at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

(b) Except as provided in subsection (3), the market value of all motor trucks; agricultural tools, implements, and machinery; and vehicles of all kinds, including but not limited to aircraft and boats and all watercraft, is the average wholesale value shown in national appraisal guides and manuals or the value of the vehicle before reconditioning and profit margin. The department of revenue shall prepare valuation schedules showing the average wholesale value when no national appraisal guide exists.

(3) The department of revenue or its agents may not adopt a lower or different standard of value from market value in making the official assessment and appraisal of the value of property in 15-6-134 through 15-6-140, 15-6-145 through 15-6-147, and [section 1], except:

(a) the wholesale value for agricultural implements and machinery is the loan value as shown in the Official Guide, Tractor and Farm Equipment, published by the national farm and power equipment dealers association, St. Louis, Missouri; and

(b) for agricultural implements and machinery not listed in the official guide, the department shall prepare a supplemental manual where the values reflect the same depreciation as those found in the official guide.

(4) For purposes of taxation, assessed value is the same as appraised value.

(5) The taxable value for all property in classes four through eleven and fifteen through *eighteen* is the percentage of market value established for each class of property in 15-6-134 through 15-6-141, 15-6-145 through 15-6-147, and [section 1].

(6) The assessed value of properties in 15-6-131 through 15-6-133 is as follows:

(a) Properties in 15-6-131, under class one, are assessed at 100% of the annual net proceeds after deducting the expenses specified and allowed by 15-23-503.

(b) Properties in 15-6-132, under class two, are assessed at 100% of the annual gross proceeds.

(c) Properties in 15-6-133, under class three, are assessed at 100% of the productive capacity of the lands when valued for agricultural purposes. All lands that meet the qualifications of 15-7-202 are valued as agricultural lands for tax purposes.

(d) Properties in 15-6-143, under class thirteen, are assessed at 100% of the combined appraised value of the standing timber and grazing productivity of the land when valued as timberland.

(7) Land and the improvements thereon are separately assessed when any of the following conditions occur:

(a) ownership of the improvements is different from ownership of the land;

(b) the taxpayer makes a written request; or

(c) the land is outside an incorporated city or town.

(8) The taxable value of all property in 15-6-131 and classes two, three, and thirteen is the percentage of assessed value established in 15-6-131(2), 15-6-132, 15-6-133, and 15-6-143 for each class of property. (Subsections (3)(a) and (3)(b) applicable to tax years beginning after December 31, 1985—sec. 4, Ch. 463, L. 1985. Subsection (6)(d) and references in (8) to class thirteen and 15-6-143 terminate January 1, 1991—sec. 10, Ch. 681, L. 1985.)"

**Section 4. Codification instruction.** Sections 1 and 2 are intended to be codified as an integral part of Title 15, chapter 6, part 1, and the provisions of Title 15 apply to sections 1 and 2.

**Section 5. Extension of authority.** Any existing authority of the department of revenue to make rules on the subject of the provisions of this act is extended to the provisions of this act.

**Section 6. Applicability.** This act applies retroactively, within the meaning of 1-2-109, to taxable years beginning after December 31, 1985.

**Section 7. Effective date.** This act is effective on passage and approval.

Approved July 21, 1986.

(3) Parcels that do not meet the qualifications set out in *subsections (1) and (2)* shall not be classified or valued as agricultural if they are part of a platted subdivision that is filed with the county clerk and recorder in compliance with the Montana Subdivision and Platting Act.

(2) "Department" means the department of administration.

(3) "Purchasing agency" means any state agency authorized by Title 18, chapter 4, to enter into contracts.

(4) "Responsible bidder" means a person who has the capability in all respects to fully perform the requirements of a contract and has the integrity and reliability that assures good faith performance.

(5) (a) "State property" means a building or portion of a building or other real property that is:

(2) For purposes of this section, proposals are substantially equal if their overall ratings, as determined by the purchasing agency in accordance with the request for proposal, do not differ by more than 3%.

(3) Any contract awarded pursuant to this section to a blind person must prohibit transfer of the contract by sublease, assignment, or any other method.

**Section 3. Applicability.** A contract for the operation of a vending facility entered into prior to July 1, 1986, is not subject to [sections 1 through 5] while the contract remains in effect. In addition, this part may not be interpreted to require or authorize the failure to renew any contract for a vending facility on state property in effect on July 1, 1986, if the contract contains a provision permitting the renewal of the contract for a specific term at the option of the vendor or the state or both.

**Section 4. Application of state procurement law.** Procurement under [sections 1 through 5] is subject to all other statutes governing state procurement except that in case of conflict [sections 1 through 5] apply.

## HOUSE BILL NO. 30

AN ACT TO GENERALLY REVISE APPROPRIATIONS FOR FISCAL YEAR 1987; AMENDING HOUSE BILL 500, LAWS OF 1985; AMENDING HOUSE BILL 922, LAWS OF 1985, CHANGING THE APPROPRIATIONS FOR THE GRANTS PROGRAM; AMENDING SECTION 7, HOUSE BILL 928, LAWS OF 1985; AMENDING SECTION 2, HOUSE BILL 961, LAWS OF 1985; AMENDING SECTION 75-1-1101, MCA; PROVIDING A REDUCTION IN APPROPRIATIONS FOR THE MONTANA SCIENCE AND TECHNOLOGY BOARD, FOR THE LEGISLATIVE COUNCIL FOR USE BY THE COMMITTEE ON INDIAN AFFAIRS, AND FOR THE AGRICULTURAL ASSISTANCE AND COUNSELING PROGRAM; REPEALING SECTION 10, CHAPTER 717, LAWS OF 1985; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** House Bill 500, Laws of 1985, is amended to read:

"Section 1. **Title.** This act may be cited as the "General Appropriations Act of 1985".

**Section 2. Definitions.** For the purposes of this act, unless otherwise stated, the following definitions apply:

(1) "Agency" means each state office, department, division, board, commission, council, committee, institution, university unit, or other entity or instrumentality of the executive branch, office of the judicial branch, or office of the legislative branch of state government.

(2) "Approving authority" means the Governor or his designated representative for executive branch agencies; the Chief Justice of the Supreme Court for judicial branch agencies; appropriate legislative committees for legislative branch agencies; or the Board of Regents or its designated representative for the university system.

(3) "University system unit" means the board of regents, office of the Commissioner of Higher Education, University of Montana at Missoula, Montana State University at Bozeman, Montana College of Mineral Science and Technology at Butte, Eastern Montana College at Billings, Northern Montana College at Havre, Western Montana College at Dillon, the Agricultural Experiment Station with central offices at Bozeman, the Cooperative Extension Service with central offices at Bozeman, the Forestry and Conservation Experiment Station with central offices at Missoula, or the Bureau of Mines and Geology with central offices at Butte.

**Section 3. Other funds to offset general fund.** The approving authority shall decrease the general fund appropriation of the agency by the amount of funds received from other sources in excess of the appropriation provided in this act unless such action is expressly contrary to state or federal law, rule, or contract or the approving authority certifies that the services to be funded by the additional funds are significantly different from those for which the agency has received a general fund appropriation.

**Section 4. Expenditure limit.** Expenditures may not exceed appropriations.

**Section 5. Budget requests.** Sufficient funds are appropriated in this act to enable each agency to submit its 1989 biennial budget request to the Budget Director and the Legislative Fiscal Analyst pursuant to the time schedule established in section 17-7-112(1), MCA. If any agency fails to submit its final, complete budget request by the deadlines established in section 17-7-112(1), MCA, the expenditure authority granted in this act must be reduced or rescinded by the Budget Director unless the agency director certifies that an emergency situation has precluded a timely budget presentation and the Budget Director approves an extension not to exceed 30 days. Employees added through the appropriation of federal or state special revenues or proprietary funds in this act shall not be included in the current level budget presented to the 1987 Legislature if their continuance requires general fund support.

**Section 6. Detailed budget information.** Within 2 days after submission of the preliminary executive budget to the Legislative Fiscal Analyst, the Budget Director shall give the Legislative Fiscal Analyst the Governor's preliminary expenditure recommendations by object of expenditure to the second level of detail and by funding source detailed by accounting entity.

Within 1 day after the Legislative Finance Committee presents the budget analysis to the 50th Legislature, the Budget Director and the Legislative Fiscal Analyst shall mutually exchange expenditure recommendations by object of expenditure to the second level of detail and by funding sources detailed by accounting entity. This final information must be filed in the respective offices and available to members of the Legislature and the general public.

**Section 7. Operating budgets.** Expenditures may be made only in accordance with operating budgets approved by the approving authority. The respective appropriations are contingent upon approval of the operating budget by July 1 of each fiscal year. Each operating budget shall include expenditures for each agency program detailed at least by personal services, operating expenses, equipment, benefits and claims, transfers, and local assistance. However, if any agency allocates its appropriations to the second expenditure level in the state accounting system, separate operation plans need not be submitted to the approving authority.

**Section 8. Program transfers.** The approving authority may approve agency requests for program transfers, within each fiscal year, not to exceed 5% of the total agency budget unless such a transfer is specifically prohibited by this act or by statute. A request for a transfer accompanied by a justification explaining the reason for the transfer must be submitted by the requesting agency to the approving authority and the Legislative Fiscal Analyst. Upon approval of the transfer, the approving authority shall inform the fiscal analyst of the approved transfer and the justification for the transfer.

**Section 9. Reduction of appropriation.** In the event of a shortfall in revenue, the Governor may reduce any or all appropriations. No appropriation may be reduced by more than 15%. The following appropriations may not be reduced:

- (1) payment of interest and retirement of state debt;
- (2) the legislative branch;
- (3) the judicial branch;
- (4) school foundation program; or
- (5) salaries of elected officials during their terms of office.

**Section 10. Access to records of contracting entities.** (1) Unless a contract to provide a service to members of the public on behalf of the state, either written or oral, made with a nonstate entity complies with subsection (2), no money appropriated by this act may be expended for such contract.

(2) Every contract described in subsection (1) must contain a provision to allow access, for legislative audit and fiscal analysis, to the records of the contracting nonstate entity sufficient to determine whether the parties to the contract have complied with the terms of the contract. Such an audit and fiscal analysis requires access to records necessary to carry out the legislative audit and analysis functions set out in Title 5, chapters 12 and 13.

(3) The state may unilaterally terminate any contract upon refusal by the contracting nonstate entity to allow access to its records necessary to carry out such a legislative audit or analysis.

**Section 11. Coal tax trust income.** Interest income from the coal tax constitutional trust fund established under Article IX, section 5, of the Montana Constitution is hereby appropriated to the general fund for use during the biennium ending June 30, 1987. The portion of the general fund which represents this appropriation is appropriated to the Department of Commerce in House Bill 500, items 8, 9, 11, and 15, the vocational-technical centers in House Bill 500, and any funds not otherwise designated shall be considered part of the university system's appropriation in House Bill 500.

**Section 12. Severability.** If any section, subsection, sentence, clause, or phrase of this act is for any reason held unconstitutional, such decision does not affect the validity of the remaining portions of this act.

**Section 13. Audit costs.** Amounts appropriated for audits may be transferred between fiscal years. Agencies shall reserve enough cash in each fund to pay for audit costs and shall to the maximum extent allowable under federal regulations charge audit costs to federal funds.

**Section 14. Pay plan appropriation coordination.** From the appropriation for the pay plan act in House Bill 375, the Office of Budget and Program Planning is authorized to increase the expenditure authority of the vocational-technical centers, community colleges, and the Department of Institutions for the community mental health centers.

**Section 15. Totals not appropriations.** The totals shown in this act are for informational purposes only and are not appropriations.

**Section 16. Expenditures to be restrained.** State agencies shall restrain year-end expenditures to those prudent and necessary to provide authorized services. They shall not make expenditures which would be considered trivial by reasonable people. The Office of Budget and Program Planning shall monitor year-end expenditures, and a report shall be made to the Legislative Finance Committee.

**Section 17. Appropriations.** The following money is appropriated for the respective fiscal years:

Item 1c shown in the proprietary fund column is appropriated each year of the biennium from nongeneral fund sources which the Office of Budget and Program Planning shall distribute, for the sole purpose of paying the Legislative Auditor's charges for the statewide audit, to those agencies who derive a benefit from the statewide audit.

If three FTEs are authorized for the Clark Fork River project, they will be restricted to that project and cannot be transferred to any other program within the Governor's Office.

Item 9 is a biennial appropriation.

The appropriation for the coal lobby effort (item 11) is for the purpose of defending the state's right to establish and levy a tax on coal mined within Montana's borders, to oppose federal legislation that would diminish the state's revenue through discriminatory formula or funding allocations, and to monitor federal actions regarding coal transportation and the Clean Air Act. This appropriation also funds the Legislative Oversight Committee established in HB 828, Laws of 1981. In addition, any balance remaining from item 2(c) of the Governor's Office appropriations contained in HB 447 of the 48th Legislature is reappropriated for use in fiscal 1986. The Governor's Office shall report quarterly on the coal lobby effort to the Revenue Oversight Committee.

The rate charged by agency legal services (item 3) may not exceed \$46.00 per hour.

The Department of Justice shall develop a cost allocation plan for the purpose of recovering the cost of operation of regional dispatch centers from all user agencies on an equitable basis, and shall submit the funding plan to the 50th Legislature within the Department's 1989 biennium budget request. It is the intent that a direct appropriation from the state special highway revenue account not be used for this purpose.

Item 9a is a biennial appropriation. Item 9b is a biennial appropriation to deal with legal issues arising under federal nondiscriminatory taxation acts such as the Tax Equity and Fiscal Responsibility Act, the Railroad Revitalization and Regulatory Reform Act, and any subsequent federal legislation that directs the state to take a nondiscriminatory posture in the taxation of entities doing business within the state. This appropriation may be used only for attorney fees, expert witnesses, and extraordinary expenses associated solely with resolving disputes related to such legal issues.

Liquor Division proprietary funds necessary to maintain adequate inventories of liquor and wine and to operate the state liquor operation are appropriated. During the 1987 biennium, the Division shall attempt to return at least 13 percent of net sales. Net sales are gross sales less discounts and all taxes collected. The Division shall limit operational expenses of the liquor merchandising system to not more than 15 percent of net sales. Operational expenses may not include product costs, freight charges, or expenses allocable to other divisions or licensing bureau expenses.

The Division retains full authority to determine store operating hours and the number and location of stores and employees. Nonprofitable or marginally profitable state stores shall be closed or converted to agency stores in an orderly manner. Agency stores shall be closed if the Division considers them marginally profitable and other state stores or agencies are located within a reasonable distance. The Division is directed to implement the recommendations of the Revenue Oversight Committee dated June 19, 1986, with respect to Liquor Division Recovery, provided the Department shall hold timely public hearings prior to closing any state store or agency and prior to implementing a price restructuring.

The appropriation for item 4 includes 13 FTE support staff added to the Child Support Bureau. The agency is prohibited from including these 13 FTE in its current level budget request presented to the 1987 Legislature.

The appropriation for the Income Tax Division includes the additional 19 FTE added. These FTE include 4.5 FTE systems development positions, 6.0 FTE audit staff, and 8.5 FTE collection staff. The agency is prohibited from including these 19 FTE in its current level budget request presented to the 1987 Legislature.

The Department may, through the use of program transfer authority, fund the 7 FTE deleted from the Income Tax Division by House Committee of the Whole Amendment during Special Session III.

The appropriation for item 6 includes 2 FTE added to the Natural Resources and Corporation Tax Division. These FTE include a 1 FTE natural resources tax auditor and a 1 FTE corporate tax auditor. The agency is prohibited from including these 2 FTE in its current level budget request presented to the 1987 Legislature.

Item 9c is to fund the action taken in Senate Bill 19, Special Session III. If Senate Bill 19 does not pass, these funds are to revert to the general fund.

*The Department shall not reduce contractor payments due to the 5 percent cuts in Special Session III. All reductions as a result of the 5 percent cuts made in Special Session III are to be made from nonconstruction programs.*

In the event additional federal highway funds become available, additional spending authority and additional FTEs may be requested through budget amendment.

The Department shall manage the program with the intent to end the 1987 biennium with approximately a \$10 million cash balance in the highway special revenue account in the state special revenue fund.

Funding may be transferred among all programs, including stores inventory, to reflect personal services expenditures.

The Department is appropriated \$32,050,000 in fiscal year 1986 and \$29,600,000 in fiscal year 1987 for a cash transfer for the highway special revenue account to the highway reconstruction trust account.

The Department of Highways is directed to submit to the 1987 Legislature a construction work plan for the 1989 biennium that is detailed by year, project phase, and fund. This work plan must specify, by road system or project area, proposed projects on which \$1 million or more would be spent during the 1989 biennium and an aggregate cost for projects with anticipated expenditures of less than \$1 million. Costs must be detailed by year, fund, and project phase.

The Legislature anticipates the Department will proceed during the 1987 biennium with the projects and right-of-way acquisitions listed in its revised work plan presented to the legislative subcommittee on general government and highways and spend funds substantially in accordance with the estimated expenditures shown on that work plan. The Department shall report to the 1987 Legislature any significant deviation in projects undertaken or funds expended from that work plan. The Department will be allowed to adjust appropriations in the construction and preconstruction programs between fiscal years and funding sources to reflect actual expenditures related to the projected work plan.

The internal service program contains \$210,000 in fiscal year 1987 for overhaul of the Department's airplane. In the event the repair is not required, the Department shall revert this spending authority.

The Legislature anticipates that the Maintenance Division will receive, by budget amendment, spending authority for any funds in excess of \$394,098 in fiscal 1986 and \$400,073 in fiscal 1987 that it collects from damage situations.

The Department is authorized to transfer \$3,700,000 from the highway special revenue account to the stores program account as contributed capital in fiscal 1986. The Department is instructed to develop a pricing structure in the stores inventory program to maintain a cash balance and prepare budgets for the 1989 biennium in accordance with this plan.

It is to be a priority that primary care givers who provide direct service under case management for the Medicaid home and community-based services waiver be acquainted with the mental health needs of the elderly.

Further, case management teams, care givers, and the Aging Services Network are to be acquainted with appropriate means for referral and intervention. Aging information and referral technicians are to be informed of the local services available to address mental health needs.

*The benefit portion of the medicaid waiver program in item (5)(b)(iii) for fiscal year 1986 is \$1,424,503. The unexpended amount of this appropriation is reappropriated for medicaid waiver benefit purposes for fiscal year 1987.*

In each fiscal year, 10% of the low income energy block grant shall be transferred to the social services block grant. If the transfer is greater than \$1,169,510 in either fiscal year, a like amount of general fund shall revert. Eight and six-tenths percent of the low income energy block grant shall be used for the weathurization program in each fiscal year.

No funds may be transferred into or out of the nonresident general assistance program, the emergency general assistance program, or the state general assistance program.

Except for 5% in fiscal 1986 and 5% in fiscal 1987 that the Department may use for administrative expenses, all other funds appropriated for the community services block grant must be allocated to the Human Resource Development Council.

Funds appropriated under item 1bvi are for a contract with the Montana Legal Services Corporation to provide legal assistance to all supplemental security income clients, with the intent of reducing the state general assistance caseload by a minimum of 180 clients by the end of the 1987 biennium.

*The department is to continue its current policy of limited placement in foster care. The department may increase contracts with in-state providers to accommodate geographical distribution of placements.*

*The department is to freeze foster care payment rates at the level paid during fiscal year 1986.*

If third-party payments or reimbursement from any source received by the Department to offset costs of the foster care program are in excess of \$320,000 in fiscal 1986 or \$320,000 in fiscal 1987, these excess payments shall revert to the general fund.

The Department may not consider donated or nondepartmental contracted funds obtained by developmental disabilities providers or foster care providers when allocating or contracting state payments for developmental disabilities services or foster care services.

No FTE or spending authority may be transferred into or out of the eligibility determination program or the disability determination program.

Item 4b is a biennial appropriation.

The Department may provide coverage of heart transplant surgery under the medicaid-other program. This coverage shall expire on June 30, 1987, unless specifically extended by the next Legislature.

Except as provided for coverage of heart transplant surgery as set forth in this narrative, the Department shall not expand or reduce the amount, scope, or duration of the benefits available to recipients under the medicaid-other program during the 1987 biennium unless Title XIX of the federal Social Security Act is amended to require expansion or reduction of benefits as a condition of the state receiving federal financial participation. This provision does not prohibit the Department from amending reimbursement procedures to contain costs providing there are no reductions in the types of services provided to recipients or increases in the amount paid by recipients under copayment rules.

No funds may be transferred out of item 5bii.

If collections of county mill levy funds from state-assumed counties exceed \$8,527,941 in fiscal 1986 and \$7,393,221 in fiscal 1987, the excess will be deposited to the general fund.

Item 5bv is a biennial appropriation.

Item 7a is a biennial appropriation.

Funds appropriated under item 10b include \$2,890,123 for reduction of the developmental disabilities waiting list. The Department shall adopt as a priority development of residential services for autistic children.

Funds appropriated under item 11b must be expended for direct services in accordance with recommendations of the Developmental Disabilities Planning and Advisory Council.

The interentity loan of \$10,000 to the Board of Private Investigation may be extended until June 30, 1987.

The general fund appropriations in item 7 include \$100,000 per year for litigation cost on McCarty Farms/Staggers 229. The Department shall seek to recover the general fund expenditures plus interest at a rate of 10% from any settlement in this case.

The appropriation in item 12 is for the biennium.

Understanding that education of enforcement personnel and enforcement will be an extremely important need in the success of an energy code enforcement program and the exact needs will not be known until after the administrative hearings process for the energy code adoption is completed, the necessary funding may be added by budget amendment. The budget amendment will be for the purposes of allowing the Department to receive and expend federal funds made available for educational and enforcement purposes and the necessary supervisory staff to administer the same. Should the economy improve to the point there is a need for more building standard inspectors, a maximum of 3 FTEs and operating expenses and equipment for the 3 FTEs may be added by budget amendment to the Building Codes Division.

The Department of Commerce is authorized to expend funds deposited to the state special revenue account as a result of House Bill 295, the "Lemon Law".

*The appropriation in item 16c for District Court operations is the appropriations transfer made in section 11, Chapter 1, Special Laws of 1985.*

The Department is authorized to maintain an aggregate funding level of \$2,236,595 during fiscal 1986 and \$2,236,595 during fiscal 1987 for those substance abuse programs that during fiscal 1984 were partially or totally funded under the provisions of section 53-24-206, MCA. Expenditures of revenues available under section 53-24-206, MCA, when combined with discretionary distribution of the alcohol federal block grant, may not exceed the aggregate funding totals specified above.

If HB 36 of Special Session III is approved, the Montana Youth Treatment Center's fiscal year 1987 General Fund appropriation is reduced by \$1,259,537 based on a projected sale of the Center on December 1, 1986. Should the sale not occur, or if the sale is delayed beyond December 1, 1986, the Department is authorized to request a supplemental to continue the Center's operation. Contained within the reduced appropriation is \$33,000 to cover expenses directly related to the sale of the Center as required by HB 36, including employee relocation, advertising, and review committee expenses. Any remaining balance not expended on such expenses shall revert to the General Fund.

All revenues received in the state traffic education account under the provisions of section 20-7-504, MCA, are appropriated to be distributed as provided in section 20-7-506, MCA.

The appropriations in items 4b and 9 are for the biennium.

State and federal funds appropriated in items 1 through 5 include internal transfers of indirect costs. The amount of indirect costs in excess of \$445,666 in fiscal 1986 and \$443,738 in fiscal 1987 that are recovered shall cause a like reversion of general fund.

Special education funds in item 11 are for foundation and permissive support of the maximum-budget-without-a-vote for special education.

Special education contingency funds in item 12 are for emergencies that may arise in special education programs at local districts. A district's board of trustees may apply for an allocation from these funds by presenting to the Superintendent of Public Instruction, for each child, a child-study team report and an individual education plan relating to this unforeseen expense and a current listing of program, case loads, and related costs. The contingency appropriation is for the biennium, and the specific amounts may be transferred between fiscal years.

Notwithstanding other provisions of law, the Superintendent may not approve a maximum-budget-without-a-vote for special education which, in the aggregate, exceeds \$55,597,270 in the 1987 biennium.

The appropriation in item 4b is for the biennium. Total audit costs are estimated to be \$20,000 for the biennium. Fifteen percent of these costs are to be paid from funds other than those appropriated in items 1 through 4.

Receipt of state funds appropriated to the five vocational-technical centers is contingent upon each county in which the center resides levying 1.5 mills each fiscal year. The Superintendent of Public Instruction may transfer millage collections among centers. Millage received by the centers from the 1.5 mill levy which, in the aggregate, exceeds \$855,233 in fiscal 1986 and \$868,314 in fiscal 1987 will cause a general fund reversion of a like amount each year.

#### F. HIGHER EDUCATION

All funds, other than plant funds and current unrestricted operating funds, may be spent and are appropriated contingent upon approval by the Board of Regents by July 1 of each year of the comprehensive program budget. The budget must contain detailed revenues and expenditures and anticipated fund balances of current funds, loan funds, and endowment funds. All movement of funds between the current unrestricted subfund and the designated subfund account entities must be clearly identified in the state budgeting and accounting system.

Programs for the university budgets include instruction, organized research, public service, academic support, student services, institutional support, operation and maintenance of plant, and scholarships and fellowships.

Included within current unrestricted funds to the six institutions is the sum of \$14,384,000 in fiscal 1986 and \$18,049,000 in fiscal 1987 from revenues generated under the provisions of section 20-25-423, MCA. The Department of Revenue shall levy the full six mills as authorized in section 20-25-423, MCA, and the revenues generated by the levy are appropriated to the University System. The general fund appropriation to the University System shall be reduced by the amount the revenues available under the provisions of section 20-25-423, MCA, exceed \$18,049,000 in fiscal 1987.
